-------------------------	---

# TOWN MEETINGS.

---

MONDAY, MARCH 4, 1901.

John W. Cawley was elected Moderator and sworn by the Town Clerk.

Arthur S. Parker and Fred E. Kearns, Ballot Clerks, Charles S. Jewett, Stanwood G. Sweetser, John H. Best, W. Parker Jones, Charles P. Brawley, Alfred T. Peacock, Charles S. Park and William H. Ahern, Tellers, having been appointed by the Selectmen, as required by the election laws, were sworn to the faithful performance of their duties by the Town Clerk.

The ballots were delivered to the Ballot Clerk, a receipt given the Town Clerk for the same as required by law, the ballot box opened, inspected and locked, after which the polls were declared opened to receive ballots, under Article 2 of the warrant.

Voted, That when this meeting adjourn it be until Wednesday, March 6, 1901, to meet in Armory Hall at seven o'clock in the evening.

Voted, To close the polls, open under Article 2, at four o'clock in the afternoon.

Voted, That action on all articles of the warrant, excepting Articles 1 and 2, be postponed until the adjourned meeting, Wednesday, March 6, 1901.

The Moderator appointed as additional Tellers to assist in assorting and counting the ballots, the following named persons who were sworn by the Town Clerk:

Harry E. Kenson, George W. Cromack, Harry P.

Boyce, Clarence S. Lynde, Bernard W. Conefy, Arthur F. Keenan, Patrick J. Murray, Walter E. Murphy, Herbert G. Daley, Thomas H. O'Loughlin.

By unanimous consent of the Moderator and Town Clerk, at two o'clock in the afternoon, the ballot box was opened, ballots taken therefrom and the counting begun.

At four o'clock in the afternoon, in accordance with the vote previously passed, the polls were declared closed, at which time the ballot box registered twelve hundred and twenty-two as ascertained by the Town Clerk.

The number of names checked, of persons having received ballots, was as follows :

Males.....1181

Females..... 31

The number of ballots given out by the Ballot Clerks was :

To Males.....1182

To Females..... 31

The number of ballots returned by the Ballot Clerks was :

For Males (spoiled) ..... 1

For Males..... 337

For Females..... 219

The number of names checked of persons having voted was :

Males.....1181

Females..... 31

The number of ballots taken from the ballot box, as counted by the Moderator, was of

Males.....1181

Females..... 31

Three "Holt Counting Apparatus" were used in counting the ballots.

All the ballots cast having been assorted and counted, declaration of the same was made as follows :

to meet in Armory Hall at 7 o'clock in the evening.

---

**Adjourned Town Meeting.**

---

WEDNESDAY, MARCH 6, 1901.

Meeting called to order by the Moderator.

Chose, Walter S. Keene, George H. Allen and Leonard P. Benton, Fence Viewers.

Chose, Charles W. Messer and Frank H. Reynolds, Undertakers.

Chose, John C. C. Small, Field Driver.

Chose, Hiram H. Lufner, Pound Keeper.

Chose, Melzar Eaton, Measurer of Leather.

Chose, Walter Paige and William B. Jones, Measurers of Wood and Bark.

Chose, Wilson A. Bartlett, Sealer of Weights and Measures.

Voted, Unanimously, That for the purpose of procuring a temporary loan, to and for the use of the town of Stoneham, in anticipation of the taxes of the present municipal year, the Town Treasurer is hereby authorized and directed to borrow from time to time, with the approval of a majority of the Board of Selectmen, a sum or sums not exceeding in the aggregate one hundred thousand dollars, and to execute the note or notes of the town therefor, payable within one year from the time the loan is made. Any debt or debts incurred by a loan or loans to the town under this vote shall be paid from the said taxes of the present municipal year.

Voted, Unanimously, That the town issue under the authority given by Sections 1 and 2 of Chapter 67, Acts of 1901, for the purpose of erecting and furnishing a high school, and of grading and enclosing the grounds around the same, and of constructing approaches thereto, and for the purpose of altering, repairing and furnishing other buildings used for school purposes, sixty (60) bonds of one thousand dollars each, said bonds to be denominated on the face thereof, "Town of Stoneham School Loan," Act of 1901, and to be dated April 1st, 1901, and payable within twenty years from said date, viz: Three thousand dollars annually, 1902 to 1921 inclusive, together with interest at the rate of three and one-half ( $3\frac{1}{2}$ ) per centum per annum, payable semi-annually, said bonds to be signed by the Treasurer of the town and countersigned by a majority of the Selectmen.

Voted, That the Town Treasurer sell direct from time to time the whole or any part of the 60 school bonds, the issue of which has been authorized, for the highest obtainable price, by giving notice by publication, or otherwise, to such customary purchasers of municipal bonds as he deems best, to make sealed bids for the whole or any part thereof, the offer of the highest bidder who shall be satisfactory to the Treasurer to be accepted if the Treasurer deems best, the right being reserved by him to reject any or all bids; or in the event of the Treasurer not being satisfied with any of said bids, or having rejected the same, to sell the bonds at private sale, provided that such securities shall not be sold for less than the par value thereof.

Voted, To adjourn until Friday, March 8, 1901, to meet in Armory Hall at 7.30 o'clock in the evening.

---

### **Adjourned Town Meeting.**

---

FRIDAY, MARCH 8, 1901.

Meeting called to order by the Moderator.

Alfred P. Rhoades made a verbal report for the committee on School Accommodations which was accepted as a report of progress.

Voted, To accept the report of the Town Officers and Committees, submitted to the town in print, dated January 31, 1901.

Voted, To authorize the Moderator to appoint a committee of nine to serve as a Finance Committee for the year ensuing.

Voted, To raise and appropriate the following sums, to defray town charges for the year ensuing:

---

Poor.....	\$6,000
Concrete Repairs.....	750
Concrete, New, (appropriation from 1900 balance)	150

Voted, That the amounts voted for salaries of Town Officers, be the amounts they receive for their services.

Voted, To appropriate the sum of money received for licenses of dogs towards the payment of the incidental expenses of the Public Library.

Voted, To raise and appropriate for salaries of Sewer Commissioners \$300.

Voted, To authorize the Tax Collector to use all means of collecting taxes which the Town Treasurer may use when appointed collector.

Voted, That the names of Mert W. Downs and Elbridge Gerry, Jr., be stricken from the list of jurors and that the name of George W. Whitney be added.

Voted, That the list of jurors be referred back to the Selectmen for further revision, with instructions to present the same at the adjourned meeting.

Voted, To grant the free use of Armory Hall to Post 75, G. A. R., six evenings in the coming year when not otherwise engaged.

Voted, That the Selectmen be instructed to make such settlement with Frank W. Spencer, Tax Collector 1890, as they deem just and equitable to both Mr. Spencer and the town.

Voted, To appropriate the sum of thirty-eight hundred and fifty (3850) dollars to furnish the New High School Building, said sum to be taken from proceeds of sale of bonds authorized by Chapter 67, of the Acts of the year 1901.

Voted, To appropriate the sum of nineteen hundred (1900) dollars to refurnish the North, South and East School Buildings, said sum to be taken from the proceeds of sale of bonds authorized by Chapter 67, of the Acts of the year 1901.

Voted, To appropriate the sum of two thousand (2000) dollars to refurnish and make repairs and alterations in the

Old High School Building, including new sanitaries in basement, said sum to be taken from the proceeds of sale of bonds authorized by Chapter 67, of the Acts of the year 1901.

Voted, To appropriate the sum of five hundred and sixty (560) dollars to returnish and repair the Centre School Building, said sum to be taken from the proceeds of sale of bonds authorized by Chapter 67, of the Acts of the year 1901.

Voted, That the committee of twenty known as the New High School Committee, be a committee to carry out the provisions of the votes cast under Articles 13, 14, 15, 16.

Voted, To cover the drain through land of the E. L. Patch Company, to raise and appropriate the sum of seventy-six dollars and to appropriate the unexpended balance from the year 1900 amounting to fifty-two dollars for that purpose.

Voted, To locate a hydrant at the corner of Park and Winthrop streets and to raise and appropriate the sum of thirty-five dollars for the same.

A motion was made "That the town will elect, at the annual meeting in March, 1902, the Selectmen, Assessors and Overseers of the Poor in the following manner, to wit: One of each board for one year, one for two years and one for three years; and at the annual meetings thereafter, one of each board for three years." The question having been stated and put before the meeting, was declared lost. The vote being doubted the Moderator appointed as tellers Benjamin J. Hinds and Henry P. Boyce for the right aisle, Patrick J. Reagan and Charles S. Park for the centre, and Franklin B. Jenkins and Fred H. Chase for the left, and ordered the vote to be again taken by a count of hands, which resulted as follows:

---

Voting in the affirmative..... 52

Voting in the negative..... 155

and was again declared lost.

Voted, To raise and appropriate the sum of nine hundred and fifty (950) dollars for the incidental expenses of the Public Library.

Voted, To raise and appropriate the sum of one hundred and fifty (150) dollars for the expenses of the Public Library reading room.

Voted, To raise and appropriate the sum of three hundred dollars for the purchase of new books for the Public Library.

Article 25. To see if the town will construct a concrete sidewalk and set edgestones where they are missing for the same, on the easterly side of Main street, commencing at the northerly bound of property formerly occupied by Myron W. Messer and terminating at the corner of Main and Hancock streets, according to the provisions of Section 22 of Chapter 50 of the Public Statutes and raise and appropriate a sum of money therefor, or see what action the town will take in relation thereto.

Article 27. To see if the town will vote to concrete the sidewalk on the northerly side of Montvale avenue from the Boston & Maine tracks at Lindenwood station to the Woburn line, under the provisions of Chapter 50, Section 22, of the Public Statutes and make an appropriation for the same.

Article 28. To see if the town will vote to concrete the sidewalk on the easterly side of Wright street from Hersam street north to a point opposite Gilmore street, under the provisions of Chapter 50, Section 22, of the Public Statutes and make an appropriation for the same.

Article 29. To see if the town will vote to concrete

the sidewalk on the southerly side of Union street from Main street to Central street, under the provisions of Chapter 50, Section 22, of the Public Statutes and make an appropriation for the same.

Article 30. To see if the town will raise and appropriate the sum of five hundred dollars to be expended for concrete sidewalks on the westerly side of Harrison street, the northerly side of Rockland street, the easterly side of Perkins street and southerly side of North avenue, under Chapter 50, Section 22, of the Public Statutes, or do anything in relation thereto.

Article 49. To see if the town will vote to concrete the sidewalk on the easterly side of Lincoln street from Maple street to the estate of J. C. Chase, under the provisions of Chapter 50, Section 22, of the Public Statutes and make an appropriation for the same.

Voted, That the subject matter of Articles 25, 27, 28, 29, 30 and 49, be referred to the Selectmen.

Voted, To raise and appropriate the sum of five hundred dollars for concrete sidewalks, under the provisions of Chapter 50, Section 22, of the Public Statutes, and that the Selectmen be instructed to carry out the provisions of Article 30, the same to be paid from this appropriation.

Voted, To appropriate the sum of one hundred and forty-nine and 60-100 dollars from the unexpended balance for concrete walks in Lindenwood Road for the year 1900, the same to be expended for concrete walks, under the provisions of Chapter 50, Section 22, of the Public Statutes, and that the Selectmen be instructed to carry out the provisions of Article 49 at an expense not to exceed fifty dollars.

Voted, That the matter of building the gravel sidewalk on the easterly side of Green street from the point where

the sidewalk now ends at land of Henry I. Bean, northerly to land of Erastus A. Durgin, be referred to the Selectmen, with instructions to build, the expense of the same to be paid from the highway appropriation.

Voted, To instruct the Selectmen to build a gravel sidewalk, with crushed stone top, on the westerly side of High street, from the corner of High street and Broadway to the house of L. P. Cochran, the expense of the same to be paid from the highway appropriation.

Voted, That a committee of five be appointed by the chair to confer with the management of the Boston Elevated Railway Company, to ascertain what, if anything, can be done to induce said Railway Company to extend its lines of railroad to Central Square, Stoneham, and that no person now a stockholder of any street railway company at present in operation in Stoneham, or a petitioner for any projected line of railroad now before the board of Selectmen of Stoneham, for a franchise to construct or lay tracks over or upon the streets of said town, shall be appointed on said committee. Said committee to report at a future town meeting.

Voted, To instruct the Selectmen to construct two (2) catch basins on Harrison street, one on the westerly side in front of residence of Herman S. Nutting, the other on the easterly side of said street near the residence of Elmer E. Hibbard, the expense to be paid from the highway appropriation.

Voted, To refer articles 34, 35, 36, 37, 38, 39, 40, all calling for electric lights, to the Selectmen, they to investigate and report at the adjourned meeting.

Voted, To raise and appropriate the sum of five hundred dollars to repair the engine houses and fire alarm system.

Voted, That the matter of purchasing horses for the

Fire Department be referred to the Selectmen, they to investigate and report at the adjourned meeting.

Voted, To water the following streets the ensuing year: Main street from Marble street to Elm street; Franklin street from Central Square to a point sixty feet east of Pine street; Central street from Central Square to Pomeworth street; Winter street; Church street; Common street and Tidd street; and that the assessment be made on frontage.

Voted, To raise and appropriate the sum of three hundred dollars for watering the streets named in the foregoing vote.

Voted, That the assessment on abutters for watering the streets be three cents per lineal foot.

Voted, To raise and appropriate the sum of one hundred dollars for the salary of the Sealer of Weights and Measures.

Voted, To adjourn until Wednesday, March 20th, 1901, to meet in Armory Hall at 7.30 o'clock in the evening.

---

### Recount of Votes.

---

Recount of votes cast March 4, 1901, for Leonard P. Benton, Joshua T. Nowell and David T. Strange, for Selectman; and Grace P. Mann and Charles F. Buck, for School Committee.

On the petition of Jason B. Sanborn and eleven others, for a recount of the votes cast for Leonard P. Benton, Joshua T. Nowell and David T. Strange, and the petition of Arthur W. Chamberlin and eleven others for a recount of the votes cast for Grace P. Mann and Charles F. Buck for School Committee, the Registrars of Voters met in the

Selectmen's office, Saturday, March 9, 1901, at one o'clock in the afternoon, after notifying all parties interested, as required by law, and recounted the votes as petitioned for.

The several candidates were represented as follows :

Leonard P. Benton by himself.

Joshua T. Nowell by James H. Murphy.

David T. Strange by Walter S. Keene.

Charles F. Buck no representation.

Grace P. Mann by James H. Murphy.

Fred H. Chase was appointed by the Registrars to assist in counting and recording the votes, the result of the recount was as follows :

Leonard P. Benton ..... 550

Joshua T. Nowell..... 539

David T. Strange..... 525

And it was declared that the election of Leonard P. Benton, for Selectman, as announced Monday, March 4, 1901, stands.

Charles F. Buck..... 507

Grace P. Mann..... 534

And it was declared that the election of Grace P. Mann, for School Committee, as announced Monday, March 4, 1901, stands.

### **Adjourned Town Meeting.**

WEDNESDAY, MARCH 20, 1901.

Meeting called to order by the Moderator.

By authority of the votes passed March 8, 1901, the Moderator appointed as the committee to confer with the management of the Boston Elevated Railway Company, the following named citizens : Hon. William B. Stevens, Arthur H. Cowdrey, Charles H. Arnold, James H. Murphy,

Charles H. Drew, and as a Finance Committee the following named citizens: Walter S. Keene, David T. Strange, Stephen P. Finnegan, Charles F. Buck, Stanwood G. Sweetser, William P. Fletcher, Bernard H. Cogan, Fred E. Nickerson, Charles H. Drew.

Voted, To accept the list of Jurors as revised and presented to this meeting.

A motion to raise and appropriate the sum of two hundred dollars for the care of shade trees, was tried and lost.

Voted, To raise and appropriate the sum of twenty dollars to pay to the heirs of Wentworth Jennings for land taken by the County Commissioners at the junction of Summer and Spring streets and to authorize the Selectmen to pay the same upon the delivery to the town of a proper release of said land.

Voted, To repair the stone crusher plant and to raise and appropriate the sum of one hundred dollars to defray the expense of the same.

Voted, That the street leading from Wakefield Park south, crossing Broadway and continuing to Elm street, be named Park avenue.

Voted, That when this meeting adjourn it be to meet in Armory Hall, Wednesday, April 17th, 1901, at 7.30 o'clock p. m.

Voted, To have the valuation of the town for the year 1901, printed.

Voted, To raise and appropriate the sum of five hundred dollars for guard rails on Main street, Spring street, Elm street and Montvale avenue.

Voted, To raise and appropriate, in addition to the sums already voted, the sum of one hundred and eighty dollars for street lighting for the year ensuing.

Voted, To reconsider the vote passed March 8th, whereby it was "Voted, To build a gravel sidewalk on the easterly side of Green street from the point where the sidewalk now ends at the land of Henry I. Bean, northerly to land of Erastus A. Durgin, the expense of the same to be paid from the highway appropriation."

Voted, To lay the subject matter of the above on the table.

Voted, To adjourn to meet in Armory Hall, Wednesday, April 17th, 1901, at 7.30 o'clock p. m.

---

### **Adjourned Town Meeting.**

---

WEDNESDAY, APRIL 17, 1901.

Meeting called to order by the Moderator.

George W. Cromack, Secretary of the Water Commissioners presented the following

---

REPORT.

TO THE CITIZENS OF STONEHAM,

Your board of Water Commissioners intimated in their annual report as printed, that a supplementary report was one of the probabilities, as negotiations then in progress and the expiration of the time limit as fixed by the town at the town meeting Dec. 5, 1900, rendered it probable that the Wakefield Water Company would make every possible effort to carry out their agreement as made and read to the town at the town meeting of November 15, 1900, by conveying the works or pipes named in the agreement, by a good title to the town.

On February 27, 1901, the Secretary received by mail two deeds, both signed by the President of the Wakefield Water Company, Mr. S. K. Hamilton. One of the deeds leased to the town the present stand-pipe, the other conveyed the water pipes, hydrants, etc. With these papers was a note from F. A. Brooks, chairman of the board of Directors of the Wakefield Water Company, saying, that the company hoped in a few days to present a clear title. On March 5, another note from the same gentleman announced the company's readiness to make the transfer by good title after the proper formalities had been complied with, The New England Trust Company, the mortgagee, having voted to release so much of the mortgage as covered the property in question.

By frequent consultations we have kept in touch with the progress of events. Our counsel advises that when the transfer is made, that all the pipes named in the agreement as being included in the transfer be made absolute and that no portion of the town be left to be temporarily supplied by the Wakefield Water Company as had been considered best.

The reasons given by our counsel are sound and safe for the town to follow.

The town of Wakefield has applied for authority to purchase the pipes remaining to the company after the sale to Stoneham is completed. If this is done the town of Wakefield would have no authority to supply water to Stoneham people unless the right was given by the Legislature. An absolute and complete transfer of all the pipes in town, excepting the main pipe from the stand-pipe to the Wakefield line, is therefore the only safe arrangement for the town to make. This course, if followed, will remove all liability to disagreeable complications and leave the town in complete possession of its own distributing system.

On Monday, March 18, 1901, the board held a consultation with counsel and the following letter embodies the situation at the time the adjourned town meeting was held on the evening of March 20, 1901.

BOSTON, 19 MARCH, 1901.

TO THE BOARD OF WATER COMMISSIONERS,  
STONEHAM, MASS.

I beg to say that I have been in consultation with the Wakefield Water Company. It has not yet been possible, as I hoped, to get deeds and votes of the Water Company and The New England Trust Company, the holder of the three mortgages, which, in my opinion, are sufficient to convey full title to the town of the Water Company's pipe system in Stoneham. The present deeds and votes are imperfect in many details, but by new meetings of the Wakefield Water Company and of The New England Trust Company these details may be corrected. Inasmuch as all of the first mortgage bonds and all but a very few of the second mortgage bonds and a majority of the third mortgage bonds have already been deposited with the Trust Company

assenting to a release and sale to the town of Stoneham of the part of the system within Stoneham as proposed, it seems to me the substantial matters remaining to be done, can probably be done, and a good title obtained.

I therefore recommend an adjournment of the town meeting for four weeks and that no action be taken in the meantime.

Yours truly,  
HURLBURT, JONES & CABOT.

At this meeting Chairman Sweetser of the Water board read the letter from the Town Counsel and moved that when the meeting adjourn it be until Wednesday, April 17, or four weeks from the date of that town meeting.

Following this meeting, on the same evening, a conference was held with the Selectmen regarding the situation, it being the opinion that the former vote to purchase having expired by limitation, as a title had not been given within the specified time, namely, on or before March 1st, 1901, the town was under no obligation to pay the sum named in the agreement prior to March 1, 1901. It was therefore thought best to inform the Wakefield Water Company of the situation. Accordingly, Chairman Sweetser went to Boston on Thursday, March 21, 1901, and in an interview with Mr. F. A. Brooks of the Wakefield Water Company, informed him that in his opinion, considering the change in sentiment among a large element of our citizens, unless a lower price was named for property under consideration, belonging to the company, the town would vote to put in a new system. Mr. Brooks asked him how much lower would the price need to be. Mr. Sweetser named \$75,000 as a price which might be acceptable. Mr. Brooks finally said that he would vote to sell for that price. A few days later Mr. Brooks wrote Chairman Sweetser that, after re-

flection, he thought that the company would not modify the price at all.

Matters remained in this condition until March 27 when consultation was had with the Town Counsel and the following letter was agreed upon as proper to send to the Wakefield Water Company, and the same was mailed on March 28 to Mr. F. A. Brooks.

MARCH 28, 1901.

WAKEFIELD WATER COMPANY,

F. A. BROOKS, DIRECTOR,

31 MILK STREET, BOSTON, MASS.

GENTLEMEN:—At a meeting of the board of Water Commissioners held March 26th, their opinion was expressed as follows:

That, in view of the change in sentiment which seems to be quite general throughout Stoneham; and in view of the fact that the Wakefield Water Company could give no title to their pipes, hydrants, etc., within the limit of time as fixed by the town by vote at a town meeting held on December 5, 1900, and in consideration of the fact that a large element in town prefers a new system, we feel that further consideration of the amount fixed upon in the first negotiations, namely, \$100,000, will be useless, as an attempt to carry a vote appropriating \$100,000, could, in our opinion, have but one result, and that, to cause the voters to drop negotiations entirely and vote for a new water pipe system.

Believing still, as we have heretofore expressed ourselves, that to buy the pipes, hydrants and other fixtures in Stoneham, belonging to the Wakefield Water Company, would be the best policy for all parties, we feel that the sum named to you recently by Chairman Sweetser of this board, namely, \$75,000, is all that we can recom-

mend that the town pay for a good title to the pipes, hydrants, etc., and all the company's property in Stoneham, except the stand-pipe lot, the stand-pipe and main pipe in Green street; and we are of the opinion that unless an agreement is reached on or before April 17th next, the negotiations will fail and a vote will be passed to construct a new system.

G. W. CROMACK,  
Secretary Stoneham Water Commissioners.

On April 8, 1901, the Water board held a long conference with Messrs. Brooks and Hall of the Wakefield Water Co., and on the same day consulted the Town Counsel, the result of the conferences was the mailing of the following letter to Mr. F. A. Brooks, Chairman of the board of Directors of the Wakefield Water Company:

STONEHAM, APRIL 8, 1901.

MR. F. A. BROOKS,

MY DEAR SIR:—The Water Commissioners interviewed Mr. Cabot after leaving you this morning and from him learned that if your company could secure enough of the second mortgage bonds to bring the number outstanding down to what you stated you thought you could do, namely, reduce the number to eleven or less, and reduce the number of third mortgage bonds outstanding to less than 100, the title might receive our Counsel's approval. This with a revision of the vote of The New England Trust Company and the votes of the stockholders of the Wakefield Water Company, might pave the way for a settlement of the matter of title.

We give this as our opinion after talking with Mr. Cabot.

We venture to suggest that an effort be made in the

direction we have outlined, and that within two or three days your board of Directors inform our Counsel of the result of your efforts, and as we have before stated if a material reduction is made in the number of bonds outstanding the title may be accepted by Mr. Hurlburt.

Yours truly,

G. W. CROMACK,

Secretary.

About this time Superintendent Chadbourne was written to, to ascertain the pressure which was applied daily to the pipes of the company. The following is Mr. Chadbourne's reply :

WAKEFIELD, APRIL 8, 1901.

G. W. CROMACK, ESQ.,

SECRETARY WATER BOARD,

DEAR SIR : — In answer to your letter asking the maximum amount of pressure the water pipes in Wakefield are subject to, also the time of day the stand-pipe is full. The pumping pressure on the Wakefield pipes is from one hundred to one hundred and ten lbs., and stand-pipe pressure when full is 86 lbs. We now start our pumps at 6 o'clock a. m. and pump till 9 o'clock p. m. and at that hour the stand-pipe is full. I am unable to give the exact pumping pressure in Stoneham, but should think it would be some less than in Wakefield. I do know that the pipe in Stoneham is able to stand as great a pressure as the pipe in Wakefield, for the pipes for the two towns were made of the same heft of iron and the same grade of cement was used. I will close by adding that I superintended the making and laying the pipe in Wakefield and Stoneham for Mess. Goodhue & Binnie in 1883.

Yours very truly,

E. J. CHADBOURNE.

Under date April 11 our Counsel wrote us as follows :

BOSTON, 11 APRIL, 1901.

BOARD OF WATER COMMISSIONERS,  
G. W. CROMACK, SECRETARY,  
STONEHAM,

SIR : — It is important that we should confer with you on the water matter tomorrow, particularly in reference to the amount to be offered for the Wakefield Water Co.

If the Selectmen are to decide upon the price, or if they have a decided opinion upon the matter we should be glad if they would join in the conference. The earlier we see you the better.

Yours truly,  
HURLBURT, JONES & CABOT.

In response to this call the members of the Water board, with a majority of the Selectmen, went to Boston, Friday morning, April 12, 1901, and met the Hon. Boyd Jones and Mr. F. P. Cabot of the firm and after agreeing as to the course to be taken, Mr. Brooks and Mr. Hall of the Wakefield Water Company were called in.

A long session ensued and some difference of opinions existed in regard to a plan of our Counsel, which was to file a Bill in Equity, asking from the Supreme Court a decree authorizing a sale of the pipes in our streets at a sum not less than \$75,000 to the town. This matter after much work on the part of Counsel was amicably arranged, and it was proposed to appear before one of the judges on Saturday last. On Monday we learned that Counsel was not able to see the judge on Saturday, but was to do so on Tuesday the 16th.

The Town Clerk was called by telephone Tuesday afternoon and told to notify the Water board, Selectmen and the Clerk, to appear with records at the office of our Counsel at 9 o'clock this Wednesday morning.

The Water board, Selectmen Keene and Benton, with Town Clerk Green, attended as requested. At 9.30 the Counsel with the gentlemen named above went to the Supreme Court and there the facts as stated in the bill were substantiated very strongly. The array of fact was satisfactory to the judge and the decree was signed.

This enables the Water Company and The New England Trust Company to give a good and clear title as the following letter will show.

BOSTON, 17 APRIL, 1901.

WATER COMMISSIONERS OF STONEHAM,

GENTLEMEN: — I beg to advise you that a good title can be made to the Wakefield Water Company's main pipes, hydrants, gates, meters, fixtures, conduits and other works and structures and property situated and being within the territorial limits of the town of Stoneham, together with books, maps and plans, particularly relating to the same, excepting however therefrom the stand-pipe and lot of land on which it stands and the main pipes in Green street in said Stoneham through which water is supplied to said stand-pipe or to the town of Wakefield or its inhabitants.

Yours respectfully,

HENRY F. HURLBURT.

C.

This brings the matter down to the present moment. We desire to state here that our Counsel have worked very hard and faithfully, especially Mr. F. P. Cabot of the firm of Hurlburt, Jones & Cabot.

Respectfully submitted,

STANWOOD G. SWEETSER,

GEORGE W. CROMACK,

JAMES A. JONES,

Water Commissioners.

Voted, To accept the foregoing report as a report of progress.

Voted, That the action of the board of Selectmen in agreeing with the Commonwealth and the Metropolitan Water and Sewerage Board, the successor to the Metropolitan Water Board, that on the payment of the sum of thirty thousand dollars, the town be admitted into the Metropolitan Water District, and that said board furnish water to the said town from a reservoir to be constructed by said board on Bear Hill at an elevation when full of between 295 and 300 feet above Boston city base and deliver the water into main pipes of the town at or near the junction of Main and Franklin streets, is hereby ratified and confirmed.

Voted, That the town construct and lay down conduits, pipes and other water works from or near the vicinity of the terminus of the present water pipe of the Wakefield Water Company in High street to and through Broadway and easterly to Park avenue and northerly to and in the vicinity of the supply pipes of the Wakefield Water Company as they are now laid in the Wakefield Park district; and further that it construct and lay down conduits, pipes and other water works in Green street; and that the town purchase from the Wakefield Water Company for the sum of \$75,000, the following property, namely: The Wakefield Water Company's mains, pipes, hydrants, gates, meters, fixtures, conduits and other works and structures and property situated and being within the territorial limits of the town of Stoneham, together with books, maps and plans particularly relating to the same, excepting, however, therefrom, the stand-pipe and lot of land on which it stands, and the main pipes in Green street in said Stoneham through which water is supplied to said stand-pipe or to the town of Wakefield or its inhabitants, provided, that on or before

April 24, 1901, the Wakefield Water Company delivers to said town a written agreement to sell and convey a good title to said property for the sum of \$75,000, to be paid to The New England Trust Company, trustee and mortgagee, and provided, that on or before the first day of June, 1901, there are delivered to said town deeds conveying said property to said town, and the written opinion of Henry F. Hurlburt, Esquire, Counsel for the town, that the aforesaid deeds are effectual to convey and do convey good title to said property to said town, and further provided, if such written agreement to sell and convey said property is not delivered to said town on or before April 24, 1901, or if delivered then, if such deeds and written opinion are not delivered to said town on or before said first day of June, 1901, in consideration of the aforesaid price of \$75,000, that the town does not purchase said property or any of it from said Wakefield Water Company, but that the town construct and lay down new conduits, pipes and other water works in the town for the purpose of supplying itself and its inhabitants with water for the extinguishment of fires and for domestic and other purposes.

The foregoing vote was taken by a "Yes" and "No" vote and the check list used, James A. Jones and Fred H. Chase being appointed tellers.

The total number of voters present and voting was sixty-six, all being "Yes" and were as follows :

William H. Ahern.	Edwin G. Jefts.
George H. Allen.	Frank B. Jenkins.
Ralph H. Barnstead.	James A. Jones.
George A. Barrett.	Fred E. Kearns.
Wilson A. Bartlett.	Walter S. Keene.
Leonard P. Benton.	John F. Lamson.
Isadore Blout.	Sylvester A. Lawrence.

---

William Breagy.	James W. MacDonald.
Edward C. Campbell.	William H. Marden.
John W. Cawley.	Willard Massey;
Charles H. Chase.	John McKenna.
Fred H. Chase.	William Munn.
John J. Claffy.	Fred E. Nickerson.
Lemuel P. Cochran.	Edward O'Donnell.
Leander V. Colahan.	Michael O'Loughlin.
Leslie W. Colburn.	Charles A. Owen.
George T. Conner.	Edgar L. Patch.
William J. Corcoran.	Patrick J. Regan, Jr.
George W. Cromack.	Fergus Riley.
John Dever.	George A. Rollins.
Bertram Dike.	Horace G. Rowe.
Charles C. Dike.	Joseph W. Snow.
Winfred Dike.	William B. Snow.
Charles H. Drew.	Fred Steele.
Erastus A. Durgin.	Walter Steele.
Stephen P. Finnegan.	Daniel Stewart.
William P. Fletcher.	James A. Stockwell.
David W. Gerry.	David T. Strange.
Onslow Gilmore.	Isaac Swasey.
Wesley N. Gray.	Stanwood G. Sweetser.
George N. Green.	S. Warren Townsend.
Harry L. Howe.	Elmer E. Waite.
Charles M. Ingalls.	Milton P. Weston.

Voted, That the sum of \$140,000 is hereby appropriated to carry out the foregoing vote and to pay for the admission of the town into the Metropolitan District; and that the Treasurer is authorized and directed, when so requested by the Selectmen, to pay \$30,000 out of said appropriation to the Commonwealth for the admission of said town into the Metropolitan Water District, and further to pay \$75,000

out of said appropriation to The New England Trust Company, trustee and mortgagee, under certain indentures made between it and the Wakefield Water Company in case said conveyance and written opinion of Henry F. Hurlburt are made and delivered in accordance with the foregoing vote; but in case said conveyance and written opinion are not so made and delivered, then to pay out of the aforesaid appropriation the sum of \$100,000, or so much thereof as may from time to time be required for construction and laying down conduits, pipes and other water works in the town of Stoneham.

Voted, That the Water Commissioners are authorized and instructed to make such agreements and contracts with the Wakefield Water Company as they deem necessary or proper for furnishing the town and its inhabitants with a temporary supply of water.

Voted, That the Town Treasurer be authorized to borrow the sum of \$140,000 to pay for the admission of the town into the Metropolitan Water District, and for the furnishing of water by the Metropolitan Water Board, and for the purpose of paying other necessary expenses and liabilities incurred under the provisions of Chapter 473, Acts and Resolves of 1897, and any acts amending and modifying same, or for the purpose of constructing and maintaining a complete system of water works, by the issue of 140 bonds of \$1000 each, said bonds to be denominated on the face thereof "Town of Stoneham Water Loan" and to be dated May 1st, 1901, and payable within 30 years from said date, viz: \$5,000 annually, 1902 to 1929 inclusive, together with interest at the rate of  $3\frac{1}{2}$  per centum per annum, payable semi-annually, said bonds to be signed by the Treasurer of the town and countersigned by the Water Commissioners.

Voted, That the Town Treasurer sell direct from time to time, the whole or any part of the 140 water bonds, the issue of which has been authorized, for the highest obtainable price, by giving notice by publication or otherwise to such customary purchasers of municipal bonds as he deems best, to make sealed bids for the whole or any part thereof, the offer of the highest bidder who shall be satisfactory to the Treasurer to be accepted if the Treasurer deems best, the right being reserved by him to reject any or all bids; or in the event of the Treasurer not being satisfied with any of said bids, or having rejected the same, to sell the bonds at private sale, provided, that such securities shall not be sold for less than the par value thereof.

Voted, That all taxes not exceeding three dollars in amount, shall be due and payable on demand. On all taxes exceeding three dollars in amount one and one-half per cent. discount shall be allowed, if paid on or before the tenth day of September; if paid on or before the tenth day of October one per cent. discount shall be allowed; if paid on or before the tenth day of November one half of one per cent. discount shall be allowed, and all taxes exceeding three dollars in amount shall be due and payable on the tenth day of December of the current year. On and after December tenth, interest shall be charged on all unpaid taxes at the rate of five per centum per annum. On the fifteenth day of February following, the Collector shall proceed to collect taxes of all delinquents according to law. Interest and discount shall be reckoned on even dollars.

Voted, To reconsider the vote passed Friday, March 8, 1901, whereby it was "Voted, To raise and appropriate the sum of one hundred and fifty dollars for the salaries of Water Commissioners for the year ensuing."

Voted, To raise and appropriate the sum of four hun-

dred and fifty dollars for the salaries of Water Commissioners for the year ensuing.

Voted, To build a gravel sidewalk on the easterly side of Green street, from the point where the sidewalk now ends at land of Henry I. Bean, northerly to land of Erastus A. Durgin, and to appropriate from the highway appropriation the sum of seventy-five dollars, and that Erastus A. Durgin be a committee to carry this vote into effect.

Voted, To adjourn.

---

### **Town Meeting.**

---

WEDNESDAY, MAY 29, 1901.

John W. Cawley chosen Moderator and sworn by the Town Clerk.

James H. Murphy for the committee to confer with the officials of the Boston Elevated Railroad in reference to said road extending their tracks to Central Square by way of the Fells Reservation, made a verbal report which was accepted as a report of progress.

George W. Cromack, Secretary of the Water Commissioners read the following

#### **REPORT.**

TO THE CITIZENS OF STONEHAM,

The Water Commissioners again ask your attention to a short report which covers the transactions of the board since the report of April 17th.

The town at the meeting of April 17th passed a vote authorizing the payment of \$75,000 for the pipes of the Wakefield Water Company, provided the company accepted the same on or before April 24, 1901. In the event of the company's refusing the offer, provision was made for the

construction of a new system for the distribution of water for the use of the town and its inhabitants. \$140,000 was appropriated to be used as follows: \$30,000 for paying for the town's admission into the Metropolitan Water District, and the balance to be used in payment for the pipes of the Wakefield Water Company, if the offer was accepted, and in making necessary extensions of water pipes where there are none now, or in case of the refusal of the town's offer, to pay for the construction of a new water pipe system. This vote was taken by check list and was unanimous both in regard to the purchase and construction.

On Saturday following the town meeting, Mr. Brooks of the Wakefield Water Company asked for an interview with the Water board. The interview was held in Mr. Brooks' office in Boston and resulted in nothing which offered a solution of the problem. On April 24th, Mr. S. K. Hamilton, President of the Wakefield Water Company, mailed a letter to the Water Commissioners of which the following is a copy:

TO THE INHABITANTS OF STONEHAM AND MESSRS. SWEET-  
SER, CROMACK AND JONES, WATER COMMISS-  
SIONERS,

GENTLEMEN:—The Wakefield Water Company having received from the town of Stoneham a copy of votes passed April 17, 1901, at its town meeting, and having considered the same, respectfully submits the following reply:

During the summer and fall of the year 1900, several conferences were held between the Water Commissioners of Stoneham and Directors of the Wakefield Water Company and individuals composing that dictorate, with a view to the purchase by said town of the property of the Wakefield Water Company therein, except its standpipe and the mains leading to Wakefield.

As a result of these conferences the Water Commissioners agree to recommend to the town a purchase of that property for the sum of one hundred thousand dollars, providing the company would submit an offer to sell for that amount, they saying that the town would be more likely to accept such an offer than to make one.

In compliance with that request earnestly expressed, the company did submit such an offer and in so doing stated expressly that it was made upon the understanding and belief that the town of Stoneham was about to obtain from the Metropolitan System an ample supply of water for its inhabitants and to furnish the same to them, and in case this offer should be accepted by said town, said company was not to be called upon to convey its said property to said town or to lose the revenue derivable therefrom until the people of this town could be supplied with water by the town from the Metropolitan System.

At a meeting of the inhabitants of said town qualified to vote in town affairs, duly called and held on the 3d day of October last, it was voted, as the company is informed, unanimously, to purchase said property at said price and to authorize the Water Commissioners then in office, to cause a conveyance to be made of the property so purchased and to act for and in behalf of the town in relation to said conveyance.

The company construed this action to be an acceptance of its offer and was informed that the town so construed it. Since that time the company has continuously acted upon that construction and relied implicitly upon the good faith of the town in passing said vote. No time limit was expressed in the vote passed by the company or the town, or in any communication between the parties, save that the conveyance should not be made until the town could supply

itself with water from the Metropolitan System ; this is not now, nor can it be, for some months in condition to do so. Subsequently the town undertook to change the vote, naming a time limit.

The Water Company is advised that the contract between it and the town became complete and fixed before such attempted change, and that the vote of the town naming March 1st as the time for the perfection of title to be conveyed to it, was not valid limitation and would not affect the rights of the Water Company.

The company is in a condition to make a title to the property satisfactory to the Counsel of the town of Stoneham, and is ready to make such title thereto for the amount specified in its offer and accepted by your vote, to wit : one hundred thousand dollars.

It need hardly be stated that the action of the town taken April 17th, 1901, as set forth in its vote, occasions great surprise to the company and can only be viewed as an attempted repudiation of a contract entered into by you, as we supposed in good faith, as it was on the part of the company, as all its actions show and as you have repeatedly stated.

It was understood at the outset of negotiations that it was desirable to avoid litigation with its attendant expenses and annoyances and to discourage a discussion of the fundamental difficulties of your position. The company still has the same desire, but if the town maintains the position taken by its vote, there can be but one result, however disastrous to the town or to the company.

Sincerely regretting the action you have taken, which only forces an issue between us which we have striven and still desire to avoid, and trusting that you may see your way clear to revise your action and maintain the pleas-

ant relations which have hertofore existed between us, we are,

Very truly yours,

S. K. HAMILTON.

An informal meeting of citizens was held in the Selectmen's room on Thursday evening, May 2nd, for the purpose of considering the situation. At this meeting there were thirty or more prominent citizens present and after discussion, the following motion or words to that effect was passed without a dissenting vote: "That if the Wakefield Water Company would submit an offer in writing on or before May 10th, to the Water board to sell their plant in Stoneham for \$75,000, it was the sentiment of that meeting that a town meeting be called to consider the question."

Mr. Brooks of the Wakefield Water Company was notified of the action of the meeting by the Chairman.

Notwithstanding the fact that this meeting was an informal one, people somehow expected that on or before the expiration of the limit of time, as fixed in the vote passed, that some word would be had from the Water Company.

On Thursday, May 9th, a letter replying to Mr. Hamilton's letter of April 24th, was mailed, of which the following is a copy:

STONEHAM, MAY 9, 1901.

WAKEFIELD WATER COMPANY,

31 MILK STREET, BOSTON, MASS.

GENTLEMEN:—In reply to your favor of the 24th of April, 1901, we beg leave to say, if the Directors of the Wakefield Water Company had authority to pass the vote of Sept. 11th, 1900, which is exceedingly doubtful, the town did not by its vote of October 3rd, 1900, enter into an agreement with the Wakefield Water Company to purchase

property on the terms of the Director's vote, but merely to purchase certain property and take title thereto, and appointed a committee with full powers to represent it in the matter of title and conveyance, not in any way assenting to the delay in conveying title called for by the Director's vote.

The company by its Directors and President interpreted the vote of the town as herein stated, attempted to make title accordingly and failed. In consequence of such failure the President of the company and Mr. Francis A. Brooks, a Director of the company and the principal owner of its bonds, suggested fixing a definite time in the future for the company to perfect its title and make conveyance, and in accordance with such suggestion the town on December 5th, 1900, fixed the first day of March, 1901, as such time.

On March first the company had failed to perfect its title and the conveyance which it submitted were confessedly insufficient. The so called ratification by the stockholders of the Water Company of the vote of its Directors, was passed after the towns vote of December 5, 1901. Mr. A. S. Hall and Mr. A. F. Brooks were a committee of the Directors of the Water Company and we had been informed that Mr. Brooks was the person in control of the affairs of the committee. Mr. Brooks in conducting the negotiations signed himself as acting for and in behalf of the Water Company.

After March 1st Mr. Brooks in the presence of the Town Counsel, the Selectmen and the Water Commissioners and of Mr. A. S. Hall, a Director in the Wakefield Water Company, who will fully corroborate this statement, said that if a decree of the Court instructing The New England Trust Company, the trustee under the several indentures of

mortgages and trust given by the Wakefield Water Company, to sell for not less than seventy-five thousand dollars could be obtained before the meeting of the town called to act on the acquiring of property from the Wakefield Water Company, the company would sell the property for \$75,000 if the town would not agree to give more.

Acting upon these assurances a decree was obtained from the Court authorizing a sale for not less than \$75,000, a majority of the Directors of the Water Company attending the hearing and thereafter, as the officers of the company had been informed would be the case, the town voted on the 17th of April, 1901, to purchase the property for \$75,000.

Yours truly,

G. W. CROMACK,

Secretary of Water Board of Stoneham.

Friday evening by special delivery a letter was received of which the following is a copy :

BOSTON, MAY 10, 1901.

TO THE TOWN OF STONEHAM AND THE MEMBERS OF ITS  
WATER BOARD, MR. G. W. CROMACK, SECRETARY,

At a meeting of the board of Directors of the Wakefield Water Company held this day, the following preamble and vote were adopted, to wit :

Whereas, the town of Stoneham has, by vote, requested the Wakefield Water Company to sell to it for \$75,000, the property for which it had agreed to pay \$100,000, within certain limitations ; and, whereas, the views of the town and the Water Company are not in harmony as to the force and effect of the existing obligations.

Now, the Wakefield Water Company, without preju-

dice to its rights to claim \$100,000, as due to it from said town, does hereby agree to accept \$80,000 for its property by way of compromise of the matter in dispute, if such sum shall be offered to it within a reasonable time.

Attest :

ALFRED S. HALL,  
Clerk of the Wakefield Water Company.

The Water Board held a meeting Friday evening and decided unanimously to recommend that the town accept the offer to sell for \$80,000, provided the water company would agree to certain things regarding the transfer of the property and the time when the town could assume control and collect the revenue. It was also decided to consult Council on the next day.

Accordingly an interview was held next day with Mr. Hurlburt and Mr. F. P. Cabot. The board learned that a duplicate copy of the letter last referred to had been sent to Counsel and that Mr. Hurlburt and Mr. Cabot had well defined opinions concerning the offer of the company. Mr. Hurlburt said that while he thought if the town held out, the works might be had for \$75,000, and while he had never thought there would be litigation, still there might be, and when the difference separating the two parties was so small, he thought it unwise to prolong the delay further. He therefore advised the acceptance of the company's offer of \$80,000 for the pipes, etc. This acceptance to be made conditional upon the company's agreeing to the following requirements, namely: That the town should take possession of the property as soon as the transfer could be made, in order that the Water board could send out bills for the term beginning June 1st, 1901, and that for the three months during which it was likely that water would be

required from Crystal Lake a lump sum of one thousand dollars per month be paid to the company.

The Water board's decision and the conditions upon which the Water Commissioners would recommend the town's acceptance of the Water Company's offer were laid before the Wakefield Water Company by the Town Counsel.

The matter of compensation for water furnished before connection was made with the Metropolitan System caused some discussion and was finally settled by the company agreeing to take \$1,000 per month or proportionate part thereof for the water furnished.

The signing of the papers after they were properly drawn is now the only thing lacking to complete the transfer except the payment of the \$80,000.

We therefore recommend that the town vote to pay the Wakefield Water Company the sum of \$80,000 for the pipes, hydrants, books, maps, plans and other fixtures belonging to the Wakefield Water Company, except the stand-pipe and the main pipe leading down Green street to the Wakefield line.

The following letter which was received Tuesday, May 22nd, from the Town Counsel gives the situation as it exists at the present time :

BOSTON, MAY 21, 1901.

WATER COMMISSIONERS, TOWN OF STONEHAM,

MR. G. W. CROMACK, SECRETARY,

GENTLEMEN : — The Directors of the Wakefield Water Company notified you May 10th, 1901, that, whereas, the views of the town and the Water Company are not in harmony as to the force and effect of existing obligations, the Water Company without prejudice to its rights to claim \$100,000, as due to it from said town, agrees to accept by

way of compromise of the matter in dispute \$80,000 for its property which the town proposed to buy, if such sum shall be offered within a reasonable time. After consultation with your board and some of the Selectmen, we feel that under all the circumstances it is to the interest of the town to avoid further controversy with the Water Company and compromise the matter by paying \$80,000 for the property it desires to buy. We feel this the more strongly as the Water Company also agrees to furnish to the town, at the rate of \$1000 a month and a due proportion thereof of a month, temporary supply of water until such time within six months as the Metropolitan Water and Sewerage Commissioners furnish a supply, it being the expectation that the Metropolitan Commissioners will probably begin to furnish water in September, 1901.

The Water Company has in pursuance of stockholders votes, executed the following instruments: a warranty deed of the property to the town; the agreement as to a temporary supply of water; a discontinuance of a claim against the town for an alleged injury to its pipes by blasting; a general release: and a request to The New England Trust Company to make a conveyance of the property in question for \$80,000.

Mr. Brooks has signed a personal guaranty of title.

The New England Trust Company is ready to make such a conveyance.

We have therefore drawn articles for a warrant for a town meeting to consider these matters, and also drawn proposed votes to be passed under these articles.

We suggest that the articles be taken up and considered by the town together, and that the check list be used.

Yours truly,

HURLBURT, JONES & CABOT.

Since the above was written the necessary steps have been taken for the town's admission into the Metropolitan Water District. The \$30,000 has been paid and the town is now a part of the Metropolitan Water System. Water will be furnished, it is expected, on or before September 15th, 1901.

Respectfully submitted,  
STANWOOD G. SWEETSER,  
GEORGE W. CROMACK,  
JAMES A. JONES,  
Water Commissioners.

Voted, That for the purpose of supplying the town and its inhabitants with water under the provisions of Chapter 473 of the Acts of 1897, and any acts amending and modifying the same, the town purchase, acquire and hold the Wakefield Water Company's mains, pipes, hydrants, gates, meters, fixtures, conduits and other works, structures and property situated and being within the territorial limits of the town of Stoneham, together with books, maps and plans particularly relating to the same, excepting however therefrom the stand-pipe and lot of land on which it stands and the main pipes on Green street in said Stoneham through which water is supplied to said stand-pipe or to the town of Wakefield or its inhabitants, and that the town pay therefor the sum of \$80,000.

The above vote was taken by a "Yes" and "No" vote and the check list used, ninety-four (94) voting Yes, and one (1) No. The names of the citizens voting follow :

#### VOTING YES.

## VOTING NO.

James W. MacDonald.

Voted, Unanimously, That the sum of \$80,000 is hereby appropriated to carry out the foregoing vote.

Voted, Unanimously, That the Water Commissioners, for the purpose of supplying the town and its inhabitants with water under the provisions of Chapter 473 of the Acts of 1897 and any acts amending and modifying the same, are authorized and instructed, in such manner and to such an extent as they deem necessary and proper, to construct and lay down conduits, pipes and other water works from or near the vicinity of the terminus of the present water pipe of the Wakefield Water Company in High street to and through Broadway and easterly to Park avenue and northerly to and in the vicinity of the supply pipes of the Wakefield Park District, and to construct and lay down conduits, pipes and other water works in Green street, and to make connections with any property that may be purchased for water works, and to incur such expenses as may be incidental to the acquisition and construction of a system of water works.

Voted, Unanimously, That the sum of \$10,000 is hereby appropriated toward carrying out the foregoing vote.

Voted, Unanimously, That the town does hereby ratify and confirm the appropriation of \$30,000, of the sum of \$140,000 appropriated at its meeting of April 17, 1901, for the admission of the town into the Metropolitan Water District and the borrowing of said \$30,000, by the issue of thirty bonds of \$1,000 each, made under the authority of the votes of the town at its said meeting, said bonds being numbered 1 to 30 inclusive, and each being denominated on the face thereof "Town of Stoneham Water Loan" and dated May 1, 1901.

Voted, Unanimously, That whereas, at the town meeting of April 17, 1901, the town, for the purpose of supplying itself and its inhabitants with water as more fully appears in the votes then passed, authorized its Treasurer to borrow the sum of \$140,000, by the issue of 140 bonds of \$1,000 each, said bonds to be denominated on the face thereof "Town of Stoneham Water Loan" and to be dated May 1st, 1901, and payable within 30 years from said May 1st, in annual proportionate payments of \$5,000 each bearing interest at the rate of  $3\frac{1}{2}$  per centum per annum, payable semi-annually; and

Whereas, thirty of said bonds, being numbered 1 to 30 inclusive, have been issued and the remainder of said bonds are not yet issued; and

Whereas, the town voted at said meeting that it purchase certain property of the Wakefield Water Company on certain conditions, and in the event of the conditions not being fulfilled that the town do not purchase said property, but construct and lay down water works for the purpose of supplying itself and its inhabitants with water as more fully appears in said votes; and

Whereas, said conditions for purchasing said property were not fulfilled and the town has at this meeting voted to purchase, acquire and hold the Wakefield Water Company's mains, pipes and other property, and to construct and lay down water works and incur necessary expenses and liabilities under the provisions of Chapter 473 of the Acts of 1897, and any acts amending and modifying the same, as in the votes passed at this meeting more fully stated.

Now, Therefore; the town authorizes the sum of ninety thousand dollars, appropriated at this meeting to carry out said votes, to be borrowed and raised by the issue of said bonds now remaining unissued, said bonds to be numbered consecutively, beginning with number 31, and the Treasurer is authorized and instructed to issue and sell the same in the manner and form provided in the votes of the town passed April 17, 1901.

Voted, Unanimously, That the Water Commissioners, in the name and behalf of the town, are authorized and instructed to make such agreements and contracts with the Wakefield Water Company as they deem necessary or proper for furnishing the town and its inhabitants with a temporary supply of water at an expense of not exceeding \$1,000 a month.

Voted, Unanimously, To appropriate the sum of \$1,000 to grade the High School grounds, the same to be paid from the proceeds of the sale of bonds as authorized by Chapter 67 of the Acts of the year 1901.

Voted, To appropriate the sum of five hundred dollars to be expended for highway purposes.

Voted, To appropriate the sum of five thousand dollars to be expended for Macadamizing Main street from Elm street to Montvale avenue.

Voted, To accept the provisions of Chapter 455 of the

Acts of 1894, entitled, "An Act relative to the licensing of plumbers and the supervision of the business of plumbing."

Voted, That the Moderator appoint a committee of five whose duty shall be to examine the Rules and Regulations presented at this meeting, and report at a future meeting.

The Moderator appointed as that committee, Stephen P. Finnegan, Arthur B. Jenney, M. D., William B. Jones, James A. Jones and George H. Allen.

Voted, To adjourn.

---

### Town Meeting.

---

TUESDAY, NOVEMBER 5, 1901.

The meeting was called to order by Walter S. Keene, Chairman of the Selectmen.

The following persons who had been previously appointed by the Selectmen, as required by law, were announced by the Chairman to serve as Ballot Clerks and Tellers, and were sworn by the Town Clerk: Seth D. Allen, Wilson A. Bartlett, Clarence S. Lynde, Charles P. Brawley, William Garside, Jr., Alfred T. Peacock.

The ballots were delivered, a receipt taken for the same, the ballot box was opened, inspected, the register set at 0, and locked, after which the polls were declared open to receive votes as called for in the warrant.

Voted, To close the polls at 4 o'clock in the afternoon.

The Chairman announced the following named persons as additional Tellers, who were sworn by the Town Clerk: Mert W. Downs, Charles S. Jewett, Frank W. Johnson, Arthur S. Parker, Guy Trombetta, George E. Young, William H. Ahern, Leon E. Blodgett, William J. Corcoran, Jr., John W. Kelley, Patrick Murray, Daniel J. McHugh.

At two o'clock in the afternoon the ballot box was opened and the ballots taken therefrom for the purpose of counting.

At four o'clock, in accordance with the vote previously taken, the polls were declared closed, at which time the ballot box registered 1159, as ascertained by the Town Clerk.

The number of names checked of persons having received ballots, as counted by the Tellers was 1157.

The number of ballots given out by the Tellers was 1157.

The number of ballots returned to the Town Clerk was 743.

The number of names checked of persons having deposited their ballots in the ballot box, as counted by the Tellers, was 1157.

The number of ballots taken from the ballot box as counted by the Chairman was 1157.

Three "Holt Counting Apparatus" were used in counting the ballots.

All the ballots cast having been assorted and counted, declaration of the same was made as follows :

Whole number of ballots cast.....1157

# REPORT

## OF THE

# SEWER COMMISSIONERS.

TO THE CITIZENS OF STONEHAM :

The Sewer Commissioners submit the following report for the year ending :

### CONSTRUCTION.

There has been no sewer construction except a short extension built in Hancock street from the junction of Congress street, west, a distance of 145 feet. Size of pipe, 6 inch. Cost of extension, \$198.18. 62 feet of 5 inch under-drain was laid in connection with this construction.

### HOUSE CONNECTIONS.

Fifty-five (55) house connections have been made during the past year, aggregating 2721 feet at a cost to the householders of \$1,500.24, average per foot \$.551.

This makes a total of 376 connections made to date, covering 19,386 feet, average per foot \$.521, as follows :

YEAR	NO. OF FEET.	COST.	PER FOOT.
1896	2535	\$1,499.48	\$.59
1897	3368	1,774.33	.52 60-100
1898	3229	1,373.33	.42 53-100
1899	3184	1,571.10	.49 75-100
1900	4349	2,325.00	.53 70-100
1901	2721	1,500.24	.55 10-100
	<hr/>	<hr/>	<hr/>
	19386	\$10,043.48	\$.52 10-100

### MAINTENANCE.

The main sewers are in good condition and have been brushed and flushed at different times during the year.

The regulator on Montvale avenue and Weir manhole on Wyoming avenue are cleaned regularly.

### SEWER ASSESSMENTS.

At the town meeting held March 5th, 1900, the Committee on Sewer Assessments presented their report which was accepted and the town voted to assess abutters 48 cents per linear foot.

The Sewer Commissioners accordingly prepared and declared the assessment, with the exception of the Langwood Park district, on May 27th, 1901, and published notice of the same in the daily and weekly newspapers of the town. The assessment on the property located in Langwood Park district was declared December 16th, 1901.

While as yet this department has not found it necessary to have a permanent Superintendent, it is the opinion of the Commissioners that the town, in the near future, for economical reasons, will be obliged to secure the services of a competent Engineer to look after the practical workings of this and other town departments.

STEPHEN P. FINNEGAN,

CHARLES H. DREW,

WILLARD MASSEY,

Sewer Commissioners.

# REPORT

## OF THE

# ASSESSORS.

---

TO THE CITIZENS OF STONEHAM:

We respectfully submit the following report of the valuation of Estate, Real and Personal, taxed in the town of Stoneham, May 1st, 1901:

Value of Buildings, excluding Land.....	\$2,469,665.00
“ “ Land, excluding Buildings.....	2,159,250.00
<hr/>	
Total valuation of Real Estate .....	\$4,628,915.00
Total Tax on Real Estate.....	\$90,804.85
Total Valuation of Personal Property. ....	495,625.00
Total Tax on Personal Property.....	10,742.00
Total Valuation of Real and Personal.....	5,124,540.00
Tax on Polls.....	3,782.00

### ASSESSED AND APPROPRIATED.

Town Grant.....	\$84,496.00
State Tax .....	3,027.50
County Tax .....	5,449.93
Sewer Tax.....	4,044.30
Metropolitan Water Tax.....	4,710.91
Overlayings and Park Tax.....	3,571.71
State Highway Tax.....	28.50
<hr/>	
Total Tax on Real and Personal.....	\$105,328.85

Number of Polls.....	1,891
“ “ Horses.....	371
“ “ Cows.....	248
“ “ Neat Cattle.....	15
“ “ Swine.....	29
“ “ Fowl.....	1722
“ “ Dwelling Houses.....	1445
“ “ Other Buildings.....	618
“ “ Acres of Land.....	2422 1-20
Rate per \$1,000.....	\$19.80
Number of Residents Assessed on Property..	1320

Total.....	1331
Number of Non-Residents Assessed on Prop'ty	352
All Others .....	13
Total.....	365
Whole number of Persons Assessed on Prop'ty	1696
“ “ “ “ “ “ Poll	
Tax only.....	1228
Total.....	2924
Number of Steam Boilers in town.....	47
Aggregate Horse Power.....	2088
Value of Real Estate and Machinery of Cor- porations.....	\$99,850.00
Value of Church Property Exempt from Taxation.....	\$127,500.00
Highest rate in the state, viz: \$25.00 assessed in the towns of Buckland and Charlmont, County of Franklin.	
Lowest rate, viz: \$5.18 in the town of Gosnold, County of Dukes.	

Rates from \$5.80 to 9.80 assessed in 17 towns; \$10.00 to \$14.90 in 2 cities and 110 towns; \$15.00 to 19.80 in 29 cities and 156 towns; \$20.00 to \$24.00 in 2 cities and 34 towns.

The Metropolitan Park and Water Board have taken, since 1893, over one thousand acres of land with buildings in this town, valued, when taken, at about two hundred thousand dollars. No doubt today, as taxable property with improvements, the same would be worth three hundred thousand dollars, or more. Under the above circumstances we think it would pay to ask from the Commonwealth a rebate on our park tax.

The following is taken from the report of the special committee appointed by Governor Crane to discover what compensation, if any, the towns of Clinton, Sterling and Holden were entitled to because of the takings by the Metropolitan Water Board in connection with the construction of the Wachusett reservoir, made its report to the Legislature of 1902 on January 24, and the committee finds that Clinton is entitled to four thousand dollars a year as long as the reservoir remains a part of the Metropolitan Water System, and that Sterling is entitled to four hundred dollars per annum, and that Holden is not entitled to compensation. Will it not pay our Representative to look after what rights we may have, if any, on what has been taken from Stoneham.

WILSON A. BARTLETT,

JOHN BEST,

FRANK W. JOHNSON,

Assessors of Stoneham.

# REPORT

OF THE

## BOARD OF HEALTH.

---

TO THE CITIZENS OF STONEHAM :

Your Board of Health submits the following report for the year ending January 31, 1902 :

### APPOINTMENTS BY THE BOARD OF HEALTH.

J. C. C. Small, Health Officer.

George N. Green, Clerk and Agent, with authority to issue burial permits and certificates of registry.

Dr. George H. Allen, Inspector of Animals.

Greenleaf S. Tukey, Inspector of Plumbing.

Greenleaf S. Tukey, and the Board of Health, Examiners of Plumbers.

The board inspected during the year twenty alleged nuisances.

On account of the prevalence of small-pox in nearby cities and towns, your board deemed it advisable to offer facilities for free vaccination at their office. Four hundred and ten persons availed themselves of this privilege.

In connection with this report we submit the report of the Inspector of Plumbing.

## REPORT OF THE INSPECTOR OF PLUMBING.

TO THE HONORABLE BOARD OF HEALTH,  
STONEHAM, MASS.

GENTLEMEN : — I respectfully submit to you the following report of duty performed since January 1st, 1901 :

There have been seventy-two permits granted to date and I have made one hundred and ninety-one calls. There were four applications left over from last year.

I have inspected, tested and left the work in safe and satisfactory condition.

There have been

Water Closets Set.....	78
Bath Tubs Set.....	23
Bowls Set.....	23
Sinks Set.....	81
Traps Set.....	18
Tanks Trapped.....	2
Alterations.....	9
Sewer Connections.....	52
Cesspool Connections.....	6
Closets ranges.....	4
Urinals.....	2

There has been no violation of the ordinance this year.

I thank your board, also the members of the craft, for their kind co-operation and for the harmony that has existed among all connected.

Most respectfully,

GREENLEAF S. TUKEY.

January 31, 1902.

## REPORT OF CONTAGIOUS DISEASES FOR 1901.

Diphtheria.....	27
Measles.....	57

# REPORT

## OF THE

# Trustees of Public Library.

---

TO THE CITIZENS OF STONEHAM :

The Trustees of the Public Library herewith respectfully present their annual report.

The past year, in the history of the Stoneham Public Library, has been one of steady growth and increased usefulness with no marked changes in the administration of affairs. The Trustees endeavor to keep it up to the standard of similar institutions, and as far as possible to anticipate the needs of the reading public. In selecting the new books additions are made to all the departments of literature, and no one allowed to grow at the expense of the others. This is necessary in order to maintain a well balanced library, and to satisfy the taste of fiction lover and student.

The reading room receives a good share of patronage and is of especial value to the pupils of the public schools. Several additions have recently been made to the list of reference books.

The efficient services of the Librarian Mrs. M. H. Boyce, and the Associate Miss S. A. Lynde are much appreciated. They make the interests of the patrons their interest, and attend carefully to every detail of the work.

The new delivery desk and accessories which have been

placed in the library have greatly improved its appearance, and we all have occasion to congratulate ourselves that the long needed change has been effected. We cannot vie with the neighboring towns in the elegance of a new library building, but we can at least make the best of what we have.

The following table records the circulation of books during the year 1901 :

	Magazines.	Philosophy and Religion.	Sociology.	Natural Science.	Useful and Fine Arts.	Literature.	History.	Travel and Description.	Biography.	Fiction.	Total.
January.....	109	23	14	58	42	81	115	56	67	1906	2471

## NUMBER CARED FOR IN THE LOCKUP.

Prisoners.....	58
Lodgers.....	338

During the period covered by this report the town has been free from any serious crime. There has been some goods and money stolen of which a good part has been returned. There has also been a number of bicycles stolen, several of which have been returned. The illegal liquor traffic has received due attention and wherever sufficient evidence could be obtained, we have endeavored to stop its sale or illegal transportation.

In closing this report I desire to tender my thanks to your Honorable Board and all others who so kindly have assisted me in the performance of my duties. I would also thank the regular and special officers for the cordial support they have given me since my appointment as Chief.

Respectfully submitted,

SUMNER H. GREEN,

Chief of Police and Lockup Keeper.

# REPORT

OF THE

## WATER COMMISSIONERS.

---

TO THE CITIZENS OF STONEHAM :

The negotiations between the Wakefield Water Company and the town, through its board of Water Commissioners, were completed, and the transfer of the pipes in our streets was finally made on June 14th, 1901. The progress of the negotiations and the various phases assumed had been made known to the town from time to time as occasion demanded. At, and prior, to the close of the arrangements for the transfer, the question of when possession should be given, and how, caused your board a good deal of thought.

The custom which had prevailed for years of paying rates in December and June of each year, had become so firmly fixed that your board wished, if possible, to avoid a disturbance of existing customs, especially so, as nothing was to be gained by a change.

A price per month (\$1,000) for the water was proposed and finally agreed to, and it was further agreed to make the transfer include the right to send out the June bills. The delays incident to the transfer made the bills a month late in reaching the water takers, but the trouble was easily got over, payments were made to acting Water Registrar J. A. Jones, and the relations which had existed for years continued as if no change had been made.

The purchase of the pipes in Stoneham meant ALL of the pipes in town owned by the Wakefield Water Company, excepting the main running down Green street through which Wakefield was supplied, and included the pipes in that portion of Stoneham known as Wakefield Park. There, some 8 or 10 houses were connected with the pipes of the company that were used for supplying the town of Wakefield, and it became necessary to connect them with our own system.

At the town meeting when the purchase money (\$80,000) was voted, an appropriation (\$10,000) was voted for making needed extensions and to pay all expenses incident to the acquisition of the works of the Wakefield Water Company. In the latter part of June, Acting Superintendent S. G. Sweetser began the work of preparation for laying pipes from High street, near the house of John G. Beede, to Broadway, thence east to Park avenue, and then northerly to the pipe system in Wakefield Park, a distance of nearly, or quite, 4575 feet. Pipes were ordered of M. J. Drummond & Co., of New York, and the utmost satisfaction has been given by the honorable way in which Messrs. Drummond & Co. have filled our orders. The pipes were laid at a cost of 65 cents per foot, which is as low as the average, as given by men who are acquainted with the business. About 1200 feet of pipe was laid on Marble street and about 1300 feet on Tremont street, the cost of laying being as follows: Marble street 80 cents per foot, Tremont street 70 cents per foot.

In August the Metropolitan Water Commissioners began the work of laying the main pipe from the pumping station at the pond to the square. A 24 inch main was laid to Wadsworth's, and a 20 inch from Wadsworth's to the square, and the work under the eye of C. H. Eglee, the

contractor, was well done. It was expected that the work would be done and water let into the pipes about September 15th, but a scarcity of help and a large amount of ledge work on Rowe's hill caused so much delay that it was October 21st before the conditions were right for letting the Metropolitan water into our pipe system. The letting on occasioned so little commotion that many people were not aware of the change until several weeks after the water had been in use.

It had been expected by many that the letting on of the Metropolitan water would make a serious disturbance and most likely cause considerable breakage in the main pipes. Your Water Commissioners had not entertained such fears, and it was with considerable satisfaction that they found their estimate of the strength of the present pipe system borne out by actual tests. The quality of the water now in use has been generally commended, and those of our citizens who have taken enough interest in the different phases of the water question to follow the course of events from the introduction of the first water system to the present time, are greatly pleased that the town is now a part of the great Metropolitan System, and that an abundant supply of pure water is now a certainty. Some of our citizens may consider that what we have has been obtained at too great a cost, and that the future may hold in store an annual cost which may be burdensome, but a moments consideration will convince any thoughtful person that an ample supply of pure water is literally above all price. It is not easy to obtain and is vitally necessary, to insure the public health. While we have water enough for any use to which it may be put, it must be used with reasonable economy. The attention of the authorities has been called to the extravagant use of water in the district and measures to pre-

vent such reckless waste are now under consideration. Governor Crane, in his last message, spoke of this growing evil and said that it might become necessary to assess towns and cities in the district according to the amount of water used, instead of on population and valuation as at present. These things foreshadow a change of policy, which, if adopted by the Metropolitan Water Board, must be followed by towns and cities in the district with the introduction of a general system of meters. The policy to be pursued if meters come into general use has not yet been determined. The matter requires a good deal of investigation and careful consideration. Your board of Water Commissioners propose to obtain all the information possible regarding the kinds of meters in use and the policy to be pursued in fixing rates.

Speaking of the waste of water, very few people are aware of the quantity that will escape through a small aperture: An opening  $1\frac{32}$  of an inch in diameter will discharge, in 24 hours, 213.1 gallons at a pressure of 60 pounds. This will amount to nearly 78,000 gallons per year, or more than many families use.

Mr. John C. Trantwine, Jr., Chief of Bureau of Water, Philadelphia, Pa., says: "My bathroom faucet recently began leaking and before it could be repaired I placed the stopper in the tub in order to measure the loss. The faucet was merely trickling, yet in the seven hours from midnight to 7 a. m., it put  $4\frac{1}{2}$  inches in depth in a tub measuring 2 feet by 5 feet. This amounted to about 20 gallons, or about 70 gallons a day. Even so trifling a leak, if it existed in each dwelling house in the city, would amount to 6 per cent. of our total consumption, and would require an engine pumping 20,000,000 gallons a day to supply it." He says again: "It is perfectly well known that more than half of

the water pumped is wasted, flowing off into the sewers without benefitting even those who waste it, or the sewers."

In regard to water meters, he speaks in the following language: "The experience of other places leaves no doubt whatever that the proper use of the water meter is a radical cure for the evil of waste and the only one."

On the other hand, he says: "Otherwise undue economy might lead to filth and disease. It is better to have a gallon of water wasted than to discourage the proper use of a pint." So that in arguing for a proper economy we must avoid undue economy in the use of water. The statements quoted above, come from high authority and can be relied upon.

A correspondent from Atlantic City, N. J., says: "One leaky hopper closet, (or one that is allowed to run continuously) in some small property that paid perhaps \$6 or \$8 per year on the assessed rate, will waste water enough to supply half a dozen fine residences and sprinkle an acre or two of lawn besides. In cheap houses, or where there is cheap plumbing, by letting the water run to prevent freezing in cold weather, enough is wasted to furnish baths to the whole population."

Lexington, Kentucky. "The only effect of meters is to reduce WASTE, not to reduce legitimate consumption."

These quotations are introduced to show that our town has only to meet what others have experienced.

One more extract, and we pass from the consideration of this vitally important subject.

In December, 1893, at Franklin, N. H., the average daily pumping amounted to 324,347 gallons. In 1894, after meters were adopted, the daily amount in December was 159,285.

---

### SERVICE PIPES.

When the Wakefield Water Company, in 1883, commenced to supply the town with water, common iron service pipes were used, later on, iron pipes were lined with cement, and were considered much better. There has always been an objection to iron pipes on account of their liability to get rusty and then filled and so in time became utterly non-serviceable, the cement lined pipe overcame many of the objections urged against unlined pipes, but their durability was not much greater. Of late years lead lined pipes have been extensively used, and with such water as the Metropolitan System now furnishes they can be safely used. But notwithstanding repeated assurance that lead lined pipes can be used with safety, there are still many people who dislike the idea of lead pipes in any form.

Fortunately there is another kind which is unquestionably safe and beside its safety it is the most durable of any pipe know. This new kind is known as tin lined pipe, the lining of block tin being fused with the iron so as to make a pipe that is practically solid, the expense however is much greater than the other kinds, and it rests with people who desire new service pipes laid, or old ones relaid, to choose from among the kinds named.

In extending main pipes into streets where there were no water pipes your board has required a guarantee of at least 4 per cent. on the estimated cost of such extensions, and we believe that no extensions should be made in the future unless people living on streets where water is desired should agree to take enough water to amount to not less than the required guarantee. Thus far no one has objected to these requirements and we do not anticipate objections in the future.

In regard to the cost of maintenance we can only give

a statement of receipts and disbursements, for the time since June 1st, 1901. The payment of \$4,656.66 to the Wakefield Water Company has been a serious matter, and one not considered when estimates have been presented to the town. It was supposed that the water from the Metropolitan System would be ready by September 1st, but, as has been stated, it was October 21st before we began using Metropolitan water. Your board will hardly be in a position to state with any degree of accuracy the cost of maintenance, until the policy of the Metropolitan Water and Sewerage Board has been determined. A plan is under consideration, and will most likely be adopted, of assessing cities and towns in the Metropolitan District according to the amount used. This makes the future very uncertain and no basis can be made for estimating receipts and expenses until some settled policy prevails. Allusion has already been made to the inevitable result if the probability of a meter system becomes a reality. The 1200, or more, services in town, must all be supplied with meters, and as an amount of revenue equal to payments annually, of assessments due the Metropolitan District, \$5,000 toward payment of the bonds outstanding, interest semi-annually, must all be met as they mature, to say nothing of the running expenses, which, as has been stated before, are now uncertain in amount. The rates to be charged for meters cannot be fixed without a good deal of care and careful examination of existing charges for like service in the neighboring cities and towns.

It will be seen from the hasty glance at the conditions which prevail, and are likely to continue for at least one year longer, that your board cannot make a definite statement of receipts and expenses for the future. One thing, however, is self-evident, that rates sufficiently large to cover known requirements must be charged.

We have made this statement in order that our citizens may know something of the situation, and not to create unnecessary forebodings. We believe that the town will adapt itself to the situation as it comes, without difficulty.

The matter of fire protection will be discussed, probably by the Engineers, but the town needs more hydrants, and it ought not to be necessary to use over 600 feet of hose to reach buildings, except, possibly, those on the outskirts of the town.

A proposition has been considered, and thus far favorably, for the town to pay the Water Department a fixed sum for hydrants, said sum to cover all the hydrants needed provided, the town pays for the same and the setting of all that are added in the future. Nearly all cities and towns credit the Water Department for all that they furnish, and charge them for all they receive, and we believe that each department in town should receive the same treatment.

The situation of the town and its relations to the Metropolitan Water District has been discussed in relation to what may happen in the future and we can only add that no change in the present policy, or in the present rates, can be made without due notice being given to water takers.

Citizens should bear in mind that the expenses incident to the towns becoming the owner of the pipes formerly belonging to the Wakefield Water Company, have added largely to the cost for the first year.

Much of the necessary apparatus, such as horse, wagon and tools, are still in good condition and good for further service.

TO THE BOARD OF WATER COMMISSIONERS,

GENTLEMEN : — I have the honor to report as follows, covering period from June 15 to December 1st, 1901 :

## SERVICE PIPES RELAID.

No.	Feet of Pipe.
56	2850

## NEW SERVICES.

No.	Feet of Pipe.
15	668

EXTENSION OF MAIN PIPES, HIGH STREET, BROADWAY AND  
PARK AVENUE.

4575 feet 6 inch pipe.

4 6 inch gates.

1 4 inch gate.

\*1 hydrant.

Cost \$2,909.55

\*Hydrant not yet set, but cost of Hydrant and Setting included in total.

## MARBLE STREET AND PARK ROAD.

1135 feet 6 inch pipe.

3 6 inch gates.

1 hydrant.

Cost \$906.30

# REPORT

## OF THE

# SCHOOL COMMITTEE.

---

TO THE CITIZENS OF STONEHAM :

Your committee take great pleasure in presenting the following reports of the various departments under their care, for there is in all of them evidence of a decided advance along all the lines.

At the annual town meeting, Mrs. Charles C. Mann was elected for a term of 3 years, and at the next regular meeting of the board, the School Committee was organized with Dr. F. E. Park as Chairman, Mr. A. P. Rhoades, Secretary, and Mrs. C. C. Mann as purchaser of supplies.

There has been a great change in the appearance of the schools, for following out the wishes of the town as expressed in town meeting, a special committee composed of Messrs. C. F. Buck, A. P. Rhoades and Dr. F. E. Park, have seen to the refurnishing of most of the schools, and all are in good condition as far as this subject is concerned. In September our beautiful new High School was opened and has fulfilled all expectations so far, except a defect in the sanitarious which we hope to see soon remedied. The growth of this school is very gratifying, largely due to the

influence of the principal Mr. Charles J. Emerson and our excellent corps of teachers. It is only a question of a very short time before there will be an addition in the teaching force needed to properly carry on the work in the school.

The little school on North street has been under observation and discussion for some time. It is a patent fact that scholars in the non-graded schools lose many of the advantages which those in graded schools enjoy, and it has become the custom in many towns to do away with these small schools and transport the scholars to the center schools. As there was a unanimous objection against this idea, among the parents, the committee have done the next best thing and have engaged a very experienced teacher and in this way hope to make up a large part of the deficiency.

The question of out of town scholars is fast becoming a very prominent one in the deliberations of the committee. The number of scholars going from Stoneham to schools in other towns is increasing very rapidly. The question is largely centered at Melrose Highlands, and is due to the increasing population at Fordell Park. It was but a few years ago when our tuition bill at Melrose was only about \$500, now it is over \$1,500 and still on the increase. It has not been considered wise yet to transport the children to Stoneham to school, for this would cost more in the end than what we are now paying, but the question will soon arise as to the advisability of building a schoolhouse in that locality.

Before closing this report the committee wish to make public mention of the hard work, cheerfully rendered, and the most efficient aid given by Mr. C. F. Buck in his capacity as Chairman of the Committee on Returnishing the Schools.

For the support of schools for the ensuing year we

recommend the appropriation of \$25,000 to be expended approximately as follows:

Salaries, (including Superintendent) fuel and care.....	\$20,475.00
Books, supplies and incidentals.....	2,800.00
Tuition.....	1,600.00
Secretary and care of books.....	125.00
	<hr/>
	\$25,000.00

Respectfully submitted,

F. E. PARK, M. D.

A. P. RHOADES,

GRACE P. MANN.

School Committee.

# REPORT

## OF THE

# SUPERINTENDENT OF SCHOOLS.

---

TO THE SCHOOL COMMITTEE :

I have the honor to present herewith the eighth annual report of the Superintendent of Schools.

The satisfactory condition of the schools and the good work of the year has been made possible by the excellent teaching force which, with three exceptions, has remained unchanged throughout the year. Miss Mary Hadley of the High School and Miss Velma Linscott of the South School resigned in June to accept positions elsewhere. Miss Esther Buzzell of the South School resigned in December and has since established a home of her own. The vacancies thus created have been filled by the election of Miss Cornelia Trowbridge, High School ; Miss Florence C. Meriam, South School ; and the transfer of Miss Lilla Tarbett from North Street to the South School. Mrs. Amelia E. Parsons was assigned to the North Street School.

We are fortunate in having a good number of excellent teachers who are earning more money than they receive. Several have been offered an increase of salary to go elsewhere but because of pleasant conditions here we have thus far been able to retain them. Owing to the constant demand from near cities for the best teachers at salaries much larger than we pay, we may not expect that teachers of

undoubted excellence will greatly prolong their stay here. The salaries paid to teachers in our six lower grades, when board is considered, is near the minimum for this state. It is well for the people to understand that the best teachers cannot be obtained or retained at salaries now paid. Indeed if we were often called upon to change teachers it would be about impossible to maintain the excellent standard of our schools.

The good order and quiet industry of our schools is frequently mentioned. Pupils should be interested and attentive during the recitation and busily at work during the study period. Pupils and teacher should work together so harmoniously that interest will take the place of compulsion. Under these conditions truancy should be unknown and rapid progress should be made in all studies.

Mischief making should disappear and the spirit of co-operation rather than antagonism should prevail. Corporal punishment should not be resorted to except in extreme cases. The best teachers seldom strike a pupil. But there are times when the wisest and most tactful teachers find punishment of this kind helpful. Teachers less strong in discipline cannot so easily dispense with the rod.

Corporal punishment is disappearing and properly so. Yet teachers and parents need to consider whether they are gaining in other ways the good that was in the rod. They need to question whether with the passing of the rigid discipline of former years there is not a diminution of strength of character.

In our schoolroom methods we are seeking to have sturdy wholesome discipline in our schools, and we ask the co-operation of parents to this end.

The care of pupils in the school yard has not always received the attention from teachers which its importance

demands. The teacher's authority has always been recognized but her responsibility for the welfare and conduct of pupils at recesses, before and after school has not been so readily admitted. But opinions have changed. At the present time our teachers are attending to the yard supervision and the physical and moral dangers of the play ground are reduced to the minimum.

Another perplexing subject relates to the detention of pupils after school. This topic has been discussed somewhat in teachers' meetings and the following points seem to meet with the approval of the teachers.

1. While it appears to be necessary at times for pupils to remain after school the habitual detention of any considerable number is not wise.

2. While pupils should not be required to make up *time* lost by absence or tardiness satisfactorily excused, yet they should understand that a certain amount of school *work* is required and they may be given an opportunity after school to make up lessons.

3. Pupils should not be detained because they have left the room during school hours to go to the sanitary, unless there is evident abuse of the privilege.

In the treatment of this subject each teacher uses her good judgment and in most cases I feel certain she acts wisely.

By vote of the School Board the no-school signal regulation has been changed to read as follows: "In stormy weather the schools may be closed by sounding 22 on the fire alarm. The signal given at 7.30 indicates no forenoon session of all schools; at 7.55 no session of all schools below grade IX; at 8.15 no morning session of the first four grades; at 12.45 all schools close for the afternoon; at 1.05 no afternoon session of the first four grades. When the

schools have been closed in the forenoon there will be an afternoon session unless the no-school signal is sounded."

During the winter it sometimes happens that children are unable to attend school regularly owing to the lack of sufficient clothing. The parents through illness, lack of work or other misfortune are not always able to buy the shoes, stockings, rubbers and mittens just when they are needed. A little assistance at the right time makes it possible for these children not only to be comfortable but to remain at school regularly. From contributions of interested parties I have been able to help several such cases. It is interesting to know that there has been fewer children this season needing help than for several winters.

The High School and ninth grade began work in the new building at the opening of school in September. This change made it necessary to solve new problems of organization and management which are being successfully worked out. These pupils being in a building by themselves all having the same school hours have every opportunity to do excellent work undisturbed by other schools. If there should be a large increase in the number of pupils in this building it would be necessary to employ another teacher.

With the opening of the new building five schools of the upper grammar grades have been placed in the old High School building each having a room of good size. By this arrangement all rooms on the first and second floors of this building, with one exception are occupied. The third floor is not used. With the new furniture and the modern sanitarious this building is greatly improved.

In the old town hall building there are four schools, the two corner rooms on each floor being used. The middle rooms are not light enough for school purposes but the one on the first floor is used as a supply room.

All the center schools now have the same hours of opening and closing and are no longer disturbed by the older pupils. Thus the changes of the summer have greatly improved the opportunities for good work of all the schools formerly in the two center buildings.

Within two or three years outline courses in all the leading branches of study, except reading have been printed. In planning and carrying on the work these courses have been of much service. They furnish the general plan by which all the teachers work, and without which concerted action would not prevail.

For several months the teachers have been working on the reading course. It was thought best to arrange not only lists of books for class reading but selections of books and stories to be used by the teacher in reading or telling stories to the children. To these have been added a list of selections for memorizing and, for pupils above the primary grades, suggestive list of books for home use. In arranging this course the teachers have shown commendable interest and the result is largely due to their efforts. They have examined many courses of reading from other towns and cities, studied numerous catalogues and looked at a large number of books. The result was the preparation of much longer lists than could be printed, but the course as finally revised appears as an appendix to this report. It is believed that it will be of some service not only to teachers and pupils but also to parents.

Following this report may be found the usual statistical tables. It may be added that there are about sixty Stoneham children attending school in Melrose at the expense of this town, and this number should be added to the membership figures of the tables in order to get full number of

Stoneham children attending school. The total number for the fall term is but little less than eleven hundred.

Attention is called to the reports of the Supervisor of Drawing, the Supervisor of Music and the Principal of the High School. Included in the latter is a short history of the Stoneham High School.

C. E. STEVENS,  
Superintendent.

# GRADUATION EXERCISES

OF THE

## CLASS OF 1901, STONEHAM HIGH SCHOOL,

FRIDAY, MARCH 22, 1901.

---

### Programme . . . . .

---

- The Lord is Great, *Mendelssohn*  
Chorus.
- Prayer.
- Forth to the Meadows, *Schubert*  
Chorus.
- Essay — Three Scenes in the Life of Joan of Arc,  
Katharine M. Munro, (Second Honor).
- Essay — The Electric Furnace and its Uses,  
Bertrand L. Johnson.
- Essay — My Impressions of Shylock and Portia,  
Bessie E. Cloutman.
- Essay — Burke as an Orator,  
Nellie Dannahy.
- The Ship of the Dead, *Graham*  
Nellie I. Keene.
- Essay — The Nicaragua Canal,  
Clifford L. Draper.
- Essay — My Favorite Author,  
Josephine F. Stevens.

Class Oration — The Attitude of the United States toward  
China,

James J. Perry.

Essay — Labor Versus Genius,

Dora E. Morrison.

The Bugler,

*Pinsuti*

Chorus.

Class History,

Ralph E. Tarbett.

Essay — Ambition,

Nellie I. Keene.

\*Oration — A Plea for the Development of American  
Shipping,

William E. Lawry.

Class Prophecy,

George H. Cogan.

Essay — The Steps that led to Secession,

Annie M. Leach, (First Honor).

Award of Diplomas.

The Banner of the Free,

*Richords*

Chorus.

Benediction.

\*By request of the class to be delivered in the evening.

## GRADUATES.

### CLASSICAL COURSE (4 years).

Bessie Estelle Cloutman.

Nellie Iva Keene.

William Ernest Lawry.

Annie May Leach.

Katherine Mackenzie Munro.

James Joseph Perry.

Josephine Flint Stevens.

### ENGLISH COURSE (4 years).

George Halpin Cogan.

Nellie Agnes Dannahy.

Clifford Lester Draper.

Bertrand Leroy Johnson.

Dora Elizabeth Morrison.

Ralph Edwin Tarbett.

### ENGLISH COURSE (3 years).

George Raymond Bancroft.

Susan Mackeen Ervin.

Lena Mabel Harris.

Mary Healey.

Charles William Henry Kelly.

Nettie Rosetta Lahey.

William Frederick McCall.

## DRAWING.

MR. C. E. STEVENS, SUPERINTENDENT OF SCHOOLS,

DEAR SIR: — We would call attention to a few changes in the work of the drawing department during the last year. These changes do not materially alter the courses of study as laid out for the several grades, but have been made because some years it seems better to devote more time and attention to certain subjects than during other years. For example, in the last year, special thought has been given to nature study in *all* the higher and *most* of the lower grades, the study in the lower grades having been carried on with the pencil and colored crayon, and in the higher grades with the pencil and the brush, used either with ink or with water colors.

It has seemed wise to use considerable time in this way because, when studying continuously with the pencil, there is a tendency to work upon drawings longer than is either necessary or advisable for the good of both drawing and pupil. The result of spending too much time over a drawing is too great study of detail, and thus is a loss of the effect as a whole. If this be not given, no amount of detail can render the sketch satisfactory, while if the main characteristics are shown, much of the detail *may*, in fact, *should* be omitted. It is to enable pupils to study in this broad way that work with the brush has been introduced, it being impossible with the brush to give so much attention to detail as with the pencil. It is our endeavor to so direct the pupil that he shall have just enough study with the brush to enable him to depict nature in a broad and free way, and just enough study with the pencil, so that he shall by no means lack care both in seeing and representing whatever of detail is of sufficient importance to represent.

Already the good results of this extra study with the brush are being noted, not merely in the brush work itself, but in the pencil sketching also. First, the sketches are made more rapidly, and second, they are made more directly, that is, with fewer changes, and as a general thing, the fewer the corrections necessary, the better the drawing.

Another change that has gradually been made is in the difference in the time devoted to mechanical drawing. We do not know that the work is less, in fact, in some grades, there are more sheets given than formerly, but there has been a marked increase in the ability of the pupils to draw rapidly the required sheets in the mechanical course, so that the time given here is not nearly so great as a few years ago.

There is now a large and well-lighted art room in the new High school, but as yet it has not been used. At present only the fourth class in the High School take drawing, and they have worked in one of the regular class rooms. If, at any time, it is desired to continue the drawing for a longer period than one year in the High School, this room will enable us to do work of an advanced nature.

We desire to thank both the members of the School Committee, the teachers, and yourself, for the ways in which you have assisted us in the work.

Yours truly,

EVELYN F. CROSS.

---

## MUSIC.

---

MR. C. E. STEVENS, SUPERINTENDENT OF SCHOOLS,

SIR: — I have the honor to submit my third annual report.

The conditions bearing upon the department of music have been greatly improved during the last year.

The new High School building, with its magnificent music hall, permitting close, instead of detached seating of the singers, has greatly increased the efficiency and success of the music in this school.

The building committee were kind enough to place a new Miller half grand piano in the music hall. The tone of this instrument is excellent and it has been a valuable aid.

I desire, in behalf of the scholars of the High School, and myself, to voice our mutual gratitude to the School Committee for their generosity in placing the library of octavo music on a substantial basis.

The character of this music is of the highest and includes fragments from such works as Gounod's St. Cecelia Mass and Dvorak's Stabat Mater. The chorus of two hundred voices have sung successfully at the first reading, the "Agnus Dei," and the "Blessed Jes-u," from these compositions.

I give two forty minute lessons per week in the High School and the scholars sing every day in the music hall at the opening of school.

I am continuing to do all the teaching of music in grades VII and VIII, giving two half hour lessons per week. Both grades sing from the same book each year, making a repetition of work that ought to be avoided. As a change I would respectfully recommend taking the present High School book for grade VIII and purchasing a new book for the High School.

Books are also needed in grades II, III and IV, for supplementary reading.

Good work is being done by the teachers in grades I to VI and I am happy to report improvement in the intonation

and in the quality of tone. I visit these grades twice a month.

In grades I to II, through your kindness, the time allotted to music has been increased to twenty minutes each day, and much better work has resulted.

In last year's report Mr. Emerson suggested giving credit in school for music work done outside under a private teacher.

Mr. Emerson's suggestion, if adopted, may place Stoneham schools far in the lead in educational reform.

I wish to express my deep appreciation to you, the committee, and the teachers for the very cordial co-operation accorded me during the year.

Respectfully submitted,

ERNST MAKECHNIE,

Supervisor of Music.

## HIGH SCHOOL.

MR. C. E. STEVENS, SUPERINTENDENT OF SCHOOLS,

DEAR SIR: — I have the honor to submit my seventh annual report.

The total number of different pupils, not including post-graduates, enrolled in the High School since April 2, 1901, has been 151.

The average membership has been 141.

The enrollment by courses at the present time is:

In four years Classical Course.....	60
In four years English and Modern Language Course...	42
In three years English Course.....	11
In three years Business Course .....	27
Total .....	140

The enrollment of the ninth grade at the present time is 62.

All indications point to a still further increase in the membership of the High School the coming year. There will then be urgent need of an additional assistant in the High School.

The new High School building with its ample accommodations has come none too soon.

Right here I will say that our new building is proving to be very satisfactory. In its erection the town certainly has made a wise as well as generous investment.

During the year the school has received some valuable gifts. I would mention especially the books and the collection of birds presented by the will of the late Mrs. Paulina Gerry; and the Malachi Richardson collection of minerals presented through the kindness of Mrs. William G. Chandler. Two valuable lectures have been delivered before the school. One, on "American Citizenship" by Rev. C. F. Dole; one on "The Scope and Value of Textile Training" by Principal William Crosby of the State Textile School at Lowell.

The annual prize drill was held as usual. Bertrand L. Johnson received first prize; Albert F. Hayward, second prize; Lawrence E. Doucett, honorable mention.

The future never held brighter promises for those who are equipped to meet it, than it does now. Never will boys and girls have more important business to do than to prepare themselves to meet that future. Hence I would urge parents to see to it that spare hours out of school are not misused. True, every boy and girl ought to have plenty of recreation; but, good, hearty, active play is entirely different from idleness. Habits of idleness cultivated around the Square afternoons and evenings are destructive of much

good, and are extremely hard to overcome. Children are naturally active and industrious and will grow up so if those qualities are fostered and not checked. I wish every boy and girl could have some kind of work to do out of school that he likes to do—music, photography, carpentering, anything to keep his mind active and healthy ready to do whatever work school or business may demand of it.

At your request I subjoin the following brief outline of the history of the Stoneham High School.

The first mention of a High School in this town is in the report for the year 1848, at which time it is interesting to note that a union, or High School, with sixty-eight pupils was kept for three months, James Wood, teacher.

This report suggests that a High School ought to be maintained ten months in the year, a suggestion, however, that was not followed, for there is no mention of a High School in the next year's report. Moreover, we are informed that the usefulness of the grammar school was embarrassed because there were those in town who wanted to dictate to it.

In 1851, although the "Unchristian spirit on the part of some caused one school to be closed" the High School was kept for six months, J. Parker Gould, Principal, and we are told that under a new system of instruction two recitations a week were required in each study, and that after the first week's trial every scholar knew when each recitation would come and could prepare himself for it. No High School, easily recognized as such, existed previous to 1855. In that year the number of families in town exceeded five hundred and the town was thus compelled by law to maintain a High School at least forty weeks in the year. The quarters of this new High School, however, were in some ways unfavorable for study, as a lock-up and fire-

engine room were underneath, and a town hall overhead.

In 1856, a recitation room was added, a four year's course of study introduced, and the new Principal, Dana I. Jocelyn declared he was ready to prepare pupils for college.

The first graduation from the new High School occurred in 1858, when "Two worthy scholars remained at school longer than they otherwise would, that they might finish the course and graduate, which they did, in July, with credit to themselves, and honor to the town." In 1859 "Two meritorious scholars graduated." And so for several years in classes of two's, three's and fives, young ladies continued to graduate from the High School.

In 1863, an appeal was made to the friends of the school to use their influence to induce the young men to remain in school and complete the course. Nine years more were to elapse before a boy's name should appear in the list of graduates.

In 1867 the condition of the school seems to have been at its lowest ebb. In that year rank rebellion broke out against the Classics. Pupils left until only sixteen remained to awaken classic echoes in the High School rooms.

In its forty-seven years of life the High School has had seventeen principals, and twenty-eight assistants. Of the principals, two stand out far more prominently than the others. In 1870, the first of these, Mr. Lorin L. Dame assumed the principalship of the Stoneham High School. At once it entered upon a vigorous, rapid growth. By 1872 it had attained a membership of fifty-four. A new high and grammar school building was erected at a cost of \$37,676.49. A class of twelve was graduated—and wonderful to say six of them were boys.

Mr. Dame continued as principal of the high school till 1875, at which time the school report informs us that "To-

day the school stands where it never stood before." "It is the keystone to the entire school system of the town."

Graduations had become so popular that they were held in the town hall, and tickets were issued to parents and friends.

Furthermore, it was enacted by the school board, that, "For the comfort of the audience, in classes of ten or more, essays shall be read only by the six scholars of highest rank." At the close of the spring term 1875, Mr. Dame ended his labors in the Stoneham High School. In the fall of that year, the second of the two principals, above mentioned, took his place. Mr. J. W. MacDonald, for the next sixteen years was to wield a greater influence in educational matters in school and in town than any other man who has sat in the principal's chair. The best things connected with any school cannot be put into words. A few of the minor, yet conspicuous events that occurred during Mr. MacDonald's long term of service were as follows: In 1876 the one session system went into effect, pictures were secured to adorn the schoolroom walls, and trees were planted upon the lawn. In '85 the time of graduation was changed to March, and free text books were introduced. In '87 a physical and chemical laboratory was equipped. In '89 with elaborate ceremonies a flag was raised upon the High School house. In '91 a military company was organized. The later years of the High School are still fresh in memory. Suffice it to say that the school continued to increase in numbers until in 1899 it had fairly outgrown the building that was ample and commodious thirty years ago. We now enroll one hundred and forty pupils. Counting post-graduates we had one hundred and fifty-four pupils attending the High School at one time this year. One hundred and twenty-eight pupils have graduated from the High School in the past six years.

At the present time we have graduates in Dartmouth, Brown, Tufts, Boston University, Georgetown University, Bates, Harvard, Wellesley, Smith, The Institute of Technology, The Worcester Polytechnical Institute, and in the Salem Normal School.

Such in brief is the history of the Stoneham High School.

Great indeed has been the advancement in methods of instruction, great indeed the change in accommodations and equipment from the one room with fire engines below and town hall above, and no illustrative apparatus, to the substantial and commodious building we now occupy, equipped with the helps that modern methods render necessary.

In behalf of teachers and pupils I wish to assure the town we will endeavor to make profitable its investment in the new High School building. Better than interest at 6, at 10, or at 100 per cent. A return to the town in intelligence, in uprightness of character, in business ability, in love of truth, and of neighborly kindness that shall dwarf even the magnificent outlay that has been made.

Yours truly,

C. J. EMERSON.

## Course of Study in Reading and Literature 1902.

---

### GRADE I.

CLASS READING. Ward's Primer. Cyr's Primer and First Reader. Child Life Primer and First Reader. Stepping Stones, First Book.

SUGGESTIONS FOR STORY TELLING AND READING. The Three Bears. The Night Before Christmas. Little Red Riding Hood. The Ugly Duckling. The Little Match Girl. The Story of Moses, of Joseph. Selections from Whittier's Child Life and from Stevenson's Child's Garden of Verse.

SELECTIONS FOR MEMORIZING. September, Hunt. Goldenrod, Lovejoy. Sleep Baby Sleep. October, Jackson. November, Cary. Thanksgiving Day, Child. Why do bells for Christmas ring? The Golden Rule. Little Indian, Stevenson. Dutch Lullaby, Field. I love the name of Washington. Spring, Thaxter. Pussy Willow. The Blue Bird, Miller. Memorial Day selections.

### GRADE II.

CLASS READING. Ward's First Reader. Child Life, Vol 2. Around the World, first book. Cyr's Second Reader. Stepping Stones, Second Reader.

SELECTIONS FOR STORY TELLING AND READING. Fables and Folk Stories, Scudder. In the Child's World, (pp. 16, 101, 145, 232, 262, 396). The Story Hour, Wiggin. The Good Samaritan. Nature Myths, Cooke. Hare and Tortoise. The Fir Tree, Andersen.

SELECTIONS FOR MEMORIZING. The Children's Hour, Longfellow. Five Little Brothers, Wilcox. We Thank Thee, Emerson. The Baby, MacDonald. The Wind, Field. Do all that you can, Sangster. My Shadow, Stevenson. Seven Times One, Ingelow. Psalm XXIII.

### GRADE III.

CLASS READING. Ward's Second Reader. Child Life, vol. 3. Little Folks of Other Lands. Fifty Famous Stories Retold.

SELECTIONS FOR STORY TELLING AND READING. Legends of the Red Children. Selections from Hiawatha. The Gentian. Little People of the Snow. Wilson's History Reader. Turner's Easy Stories. Twilight Stories. Jungle Stories, Kipling. Story of Abraham.

SELECTIONS FOR MEMORIZING. One by one, Proctor. A Child's Thought of God, Browning. The Brown Thrush, Larcum. The Wonderful World, Rands. Nobility, Carey. We are Seven, Wordsworth.

### GRADE IV.

CLASS READING. Cyr's Third Reader. Seven Little Sisters. Around the World, Second Book. Colonial Children. Great Americans for Little Americans.

SELECTIONS \* FOR STORY TELLING AND READING. The Story of Patsey, Wiggin. Beautiful Joe. Children of the Cold. Black Beauty. Friends and Helpers, Eddy. Old Stories of the East, Baldwin.

SELECTIONS FOR MEMORIZING. Don't give up, Carey. The Barefoot Boy, Whittier. God's Father Care, Hey. Little Boy Blue, Field. The First Snow Fall, Lowell. The Sandpiper and I, Thaxter. The Mountain and the Squirrel, Emerson.

## GRADES III AND IV.

BOOKS FOR HOME READING. Swiss Family Robinson, Wyss. Hans Andersen's Stories. Stories Mother Nature Told her Children. Child Life in Prose. Only a year and what it Brought, Andrews. Editha's Burglar, Burnett. The Rose and the Ring, Thackeray. Dotty Dimple, Clark. Childhood Songs, Larcum. The Story of my Four Friends, Andrews. Little Folks in Feathers and Fur, Miller. Our Little Ones, Morley. King Arthur and his Court, Greene. King of the Golden River, Ruskin. Aunt Martha's Corner Cupboard. My Saturday Bird Class, Miller. Stories of Plant Life, Bass.

## GRADE V.

CLASS READING. Stories of American Life and Adventure. Each and All. Old Greek Stories. Stepping Stones, Fourth Reader. Short History. Around the World, Third Book.

SELECTIONS FOR STORY TELLING AND READING. Timothy's Quest, Wiggin. Uncle Tom's Cabin, Stowe. Robinson Crusoe. Being a Boy, Warner. Little Men. Little Women, Alcott. Wilderness Ways, Long.

SELECTIONS FOR MEMORIZING. Abou Ben Adhem, Hunt. The Blue and the Gray, Finch. Concord Hymn, Emerson. The Leak in the Dike. Landing of the Pilgrims, Hemans. The Corn Song, Whittier. A Song of Easter, Thaxter.

## GRADE VI.

CLASS READING. Ten Boys. Ways of Wood Folk, Long. Brief History. Grandfather's Chair, Hawthorne. Stepping Stones, Fifth Reader.

SELECTIONS FOR READING TO CLASS. The Great Stone Face, Hawthorne. The Story of a Short Life, Ewing. Tom Brown's School Days. Stories of Industry. Life of Garfield. Captain January. Prince and Pauper, Clemens.

SELECTIONS FOR MEMORIZING. The Chambered Nautilus, Holmes. My Native Land, Scott. Battle Hymn of the Republic, Howe. A Song, Riley. The Day is Done, Longfellow. Today, Carlyle. Burial of Moses, Alexander.

### GRADES V AND VI.

BOOKS FOR HOME READING. Lulu's Library, Alcott. Juan and Juanita, Belger. Dotty Dimple at Home, Clarke. Five Little Peppers and how they grew, Lothrop. The Crofton Boys, Martineau. Four Feet, Two Feet and No Feet, Morley. Alice's Adventures in Wonderland, Dodgson. The Birds' Christmas Carol, Wiggins. Rab and his Friends. Sarah Crewe, Burnett. Land of Pluck, Dodge. Drummer Boy, Trowbridge. Two Little Pilgrims Progress, Burnett. Stories of Pioneer Life, Bass. Stories of the American Revolution, Tomlinson. Under the Lilacs, Alcott. Hans Brinker, Dodge. Bodley Books, Scudder. Stories of the Old Bay State, Brooks. Story of the Chosen People, Guerber. Short Stories of our Shy Neighbors, Kelley. A Few Familiar Flowers, Morley.

### GRADE VII.

CLASS READING. Evangeline. Courtship of Miles Standish, Longfellow. Snow Bound, Whittier. Tanglewood Tales, The Wonder Book, Hawthorne.

SELECTIONS FOR READING TO CLASS. The Man without a Country, Hale. Wild Animals that I have known,

Thompson. Secrets of the Woods, Long. Many selected articles to supplement the work in nature study, geography and history.

SELECTIONS FOR MEMORIZING. Union and Liberty, Holmes. Our State, Whittier. The Builders, Longfellow. The Maple, Lowell. Gradation, Holland. Extracts from class reading. Many short quotations of high value.

# REPORT

## OF THE

# BOARD OF SELECTMEN.

TO THE CITIZENS OF STONEHAM:

The Selectmen herein submit their annual report to the citizens of the town for their consideration for the fiscal year begining February 1st, 1901, and ending January 31st, 1902. In presenting this report we especially invite you to carefully examine the reports of the different departments, which are under our supervision, for a detailed account of work done during the year.

### STATE HIGHWAYS.

The Selectmen were able in the spring to secure another appropriation from the State Commission on Highways of four thousand (\$4,000) and that with the \$5,000 in 1900 was sufficient to Macadamize Main street from the Reading town line to a point a little north of Elm street, the whole of which has been completed.

### TOWN HIGHWAYS.

In the spring Mr. L. P. Cochran was reappointed Superintendent and has given satisfaction to the board and we believe the town has had the value for its money. Main street has been thoroughly built from that point where the state finished its contract, south as far as Winter street,

being thoroughly Macadamized its full width and the water taken care of by building catch-basins and piping them to the brook. Montvale avenue finished from near the Woburn line to the railroad. Stone's hill on Franklin street has always been a source of annoyance to the public travel has been put in better condition than it ever was and the water taken care of. Elm street has been rebuilt nearly half its length and we think that the town has some streets that are as good as the best and have been built by town labor and we think it has been demonstrated that with the addition of a steam road roller that the town can continue to improve their streets by building new and using the roller in nearly all cases of new work, also on repairs, and should advise the town to purchase one, and should also advise the town to Macadamize Main street from Winter street to Marble street, thus making a fine road from Reading through the town of Stoneham.

The general repairs have been attended to as thorough as the appropriation would admit. Street signs have been placed on all of the streets and are in good condition.

### POLICE.

The Selectmen appointed Sumner H. Green as Chief, with John C. C. Small and James J. Scally as regular officers, and believe that this department is deserving of credit for the valuable work they have done.

### FIRE DEPARTMENT.

This department has been conducted under the able Board of Engineers with G. E. Sturtevant as Chief, assisted by L. F. Bruce and A. J. Smith, and to this department we feel that much credit is due for the very efficient service they have rendered to the town.

## JURYMEN DRAWN 1901.

Albert F. Willey.	Edward H. Tredick.
Frank W. B. Werthern.	Timothy E. Rolfe.
Milton P. Weston.	Chas. A. Carby.

## ELECTRIC LIGHTS.

We have in the past year removed five arc lights and without extra cost to the town have installed twenty-six incandescent lights which we believe gives more light to more people.

## PERAMBULATION.

During the year the Selectmen have perambulated the town bounds bordering on Woburn and on Wakefield, together with officers from these towns as required by law and find the various bounds are in proper position.

## MEMORIAL DAY.

This sacred day was observed in a befitting manner, the services being conducted by J. P. Gould Post 75, G. A. R., under Commander Wilson A. Bartlett.

WALTER S. KEENE,  
GEORGE H. ALLEN,  
LEONARD P. BENTON,

Selectmen.

# REPORT

## OF THE

# SUPERINTENDENT OF STREETS.

---

TO THE HONORABLE BOARD OF SELECTMEN,

GENTLEMEN : — I respectfully submit the following report of the Highway Department for the year 1901 :

Montvale avenue from Lindenwood Cemetery to the railroad has been Macadamized.

Stone's hill on Franklin street from Summer street to the top of the hill has been thoroughly repaired and the gutters on both sides paved with stone and sufficient catch basins built to take care of the water.

William street from Pomeworth street to Pleasant street has been thoroughly rebuilt.

Main street, from the point where the state road ends, to Winter street has been Macadamized the entire width and the gutters paved with stone on both sides of the street from Union street to the brook at land of the Stevens estate.

Elm street was repaired from Central street to Duncklee avenue with the material taken from Main street and is now in good condition.

Pleasant street from Main to Central street has been thoroughly repaired.

A sidewalk on Green street from the land of Henry I.

Bean to land of Erastus A. Durgin, was built by Mr. Erastus A. Durgin for the sum of \$75, which was paid from the highway appropriation.

A bank wall has been built on Washington street for a distance of nearly 300 feet.

The stone crusher should be repaired.

The streets of the town are in good condition.

For detailed statement of the expenditures see the Auditors report.

Respectfully submitted,

L. P. COCHRAN,  
Superintendent of Streets.

# REPORT

OF THE

## Overseers of the Poor.

---

TO THE CITIZENS OF STONEHAM :

The Overseers respectfully submit the annual report of their doings for the year ending January 31, 1902.

In a large measure the success or failure of the work of the board is dependent upon the work done at the Almshouse. We are very glad to report the fact that we have been able to have the same efficient and faithful service at the Farm as during the year 1900. Mr. and Mrs. Lufler take a personal interest in the affairs of the Almshouse and the town is particularly fortunate in being able to retain their services as Superintendent and Matron.

No large expenditures have been made on the buildings during the year, but it will be necessary to lay some new floors and also lay a new and larger service pipe for water during the coming year. For a detailed statement of receipts and expenditures, we beg to refer to the report of the Auditors.

The whole number of persons cared for at the Farm during the year has been fifteen as per the table given below :

No.	Name.	Age.	Began.	Ended.
3	Samuel Gerry,	68	Dec. 2, 1858.	Continues.
5	Leander F. Goodwin,	65	June 16, 1881.	"
80	Maggie W. Bailey,	42	Nov. 17, 1883.	"
141	George W. Cowdrey,	55	Feb. 6, 1892.	"
156	Joseph Bryant,	75	Oct. 21, 1893.	"
187	Patrick Thornton,	73	Dec. 4, 1896.	"
199	Henry Barnes,	52	Sept. 26, 1898.	Dis. Apr. 21, '01.
201	Elbridge G. Goodnow,	88	Sept. 21, 1899.	Continues.
204	Chas. Persons,		June 30, 1900.	"
205	John B. Clough,		Dec. 14, 1900.	"
207	F. H. Keegan,		Oct. 6, 1900.	Dis. Apr. 13, '01.
208	Michael Nelson,		Jan. 3, 1901.	Dis. Feb. 10, '01.
209	Phoebe Langley,		Dec. 10, 1900.	Continues.
210	Isaac Davis,		Jan. 31, 1901.	Died Mar. 18, '01.
211	Ellen Rhodes,		Mar. 13, 1901.	Dis. Apr. 13, '01.

### MINOR CHILDREN.

Elmer James Armstrong, who has been boarded out under charge of the Overseers, died on January 26, 1901.

John Gilmore, an infant child, left on a doorstep on Gilmore street, was taken in charge by the State Board of Charity, State House, Boston, Mass.

### OUTSIDE RELIEF.

We have had an increased number of cases requiring outside relief during the year, two of which are calling for quite a large expenditure. The thanks of the board is hereby extended to the Churches, the King's Daughters and other kindred organizations, for their substantial assistance in caring for the worthy poor.

### POOR BELONGING IN STONEHAM BUT LIVING IN OTHER TOWNS AND CITIES.

We have had a very large number of calls to assist people living outside of Stoneham but having a settlement

here, some of these cases being very expensive. One case in Lynn, the father having been in Salem jail, the mother in Danvers insane asylum and three small children outside.

### TRAMPS.

The number of tramps, as reported by the Chief of Police as being provided with food and lodging was 338, at a cost of \$84.50.

### INSANE.

The insane supported by the town in the several institutions of the state appears below.

Mary Russell at Worcester.

Eilen Daley at Danvers.

Hattie A. Chase at Danvers.

Margaret Murphy at Danvers.

W. W. Elliot at Danvers.

Charles Dotey at Medfield.

Richard W. Barnstead at Medfield.

Alice E. Murphy at Westboro.

William J. Theobald at Danvers.

Arba A. Clark at Wellesley.

Maude Quinlan at Monson.

Josiah M. Swett at Danvers.

Respectfully,

JOHN W. CAWLEY,

JOHN G. BEEDE,

WILSON A. BARTLETT,

Overseers of the Poor.

# REPORT

## OF THE

# TOWN PHYSICIAN.

---

TO THE OVERSEERS OF THE POOR,

GENTLEMEN: — The town of Stoneham is fortunate in having one of the best homes for the Poor that can be found in the state.

During the past year there have been no deaths at the Farm. Many of the inmates, in fact, nearly all of them, are advanced in years and require constant attention of the kind hearted Matron.

I wish more of the townspeople would visit the Farm and see for themselves in what excellent condition the house is kept. I am sure this would encourage the Matron and do the inmates good.

### POOR FARM.

No Births.

No Deaths.

60 Visits.

### OUTSIDE POOR.

2 Births.

3 Deaths.

200 Visits.

Yours respectfully,

A. H. COWDREY, M. D.

# REPORT

OF THE

## Sealer of Weights and Measures.

---

TO THE CITIZENS OF STONEHAM :

	————— 5,119

WILSON A. BARTLETT,  
Sealer of Weights and Measures.

# REPORT

## OF THE

### Committee on New High School.

---

TO THE CITIZENS OF STONEHAM:

The committee on construction of new high school building desire to submit the following report:

For the past fifty years it has been a justifiable boast on the part of the citizens of Stoneham, that her schools have been well maintained, and her corps of teachers has been as efficient as that of any other town of similar size in the Commonwealth.

In the year 1900 Stoneham, like most of her neighboring cities and towns, was suffering from a lack of ample school accommodations.

The overcrowded condition of her then high school building, its defective sanitary appliances, and non-conformity with the law respecting fire-escapes, called imperatively for some heroic action upon the part of the town.

Stoneham has always been prompt to respond liberally for educational purposes, and she has not been parsimonious in the present case.

At an adjourned town meeting held March 21st, 1900, on motion of James W. MacDonald, it was voted, "that the following citizens be chosen a committee to consider the question of better school accommodations for the town and especially to consider the advisability of a new building in the immediate future for the accommodation of the high and

perhaps the ninth grade grammar schools, and to report thereon at a subsequent meeting :"

Walter S. Keene, David T. Strange, Francis E. Park, Jr., Alfred P. Rhoades, William B. Stevens, Onslow Gilmore, Bernard H. Cogan, Arthur H. Cowdrey, C. Fred Buck, Stephen P. Finnegan, Charles E. Stevens, Charles J. Emerson, Delbert G. Donnocker, William B. Snow, Oliver W. Richardson, George A. Hinchcliffe, Charles H. Arnold, James W. MacDonald, James H. Murphy and Joshua T. Nowell.

The committee met on March 26, 1900, and organized by choosing Walter S. Keene chairman and Alfred P. Rhoades clerk.

The following committees were appointed :

For the purpose of investigating plans for a new high school building, William B. Snow, C. Fred Buck, Joshua T. Nowell, James W. MacDonald, Charles J. Emerson and Charles E. Stevens.

On the subject of location, Onslow Gilmore, Stephen P. Finnegan, Charles H. Arnold, Oliver W. Richardson and David T. Strange.

At a meeting held April 2d, 1900, Onslow Gilmore, in behalf of the committee on location, made the following report : "Assessed valuation, with buildings thereon

Pine St., rear of present high school, 21,423 feet	\$8,725.00
Main St., near armory, 90,077 feet,	13,800.00
Mrs. Paulina Gerry and Mrs. Whitney lots, 48,403 feet,	18,350.00
Main St., between Hancock and Middle, 29,334 feet,	11,400.00
Pine and Pleasant, (Kingman and Green) 29,498 feet,	9,525.00

If either of these lots should be selected it would deprive the town of just so much taxable property.

The magnitude of the William St. lot, its fine location, together with its great wealth of shade trees, renders it the most desirable spot which the town can possibly acquire for the proposed purpose."

It was a unanimous vote of the committee of twenty to recommend the William St. cemetery grounds as a location for a new high school building.

The following were appointed a sub-committee to take into consideration the subject of new furniture for the schools, and especially the three school buildings recently remodelled: Charles E. Stevens, C. Fred Buck, William B. Snow, Alfred P. Rhoades and Francis E. Park, Jr.

The committee on plans visited schools in Melrose, Needham, Weymouth and Gardner, Mass.

At a meeting held May 2d, 1900, James W. MacDonald submitted plans and specifications, with estimates from three architects as follows: Walter H. Killam, Loring & Phipps, and Hartwell, Richardson & Driver.

The committee had agreed to pay each competing architect the sum of \$75, and the successful one to deduct the same amount from his commission. Voted, to recommend the adoption of the plans of Loring & Phipps as the unanimous choice of the entire committee.

At a meeting held May 21st, 1900, it was voted, That the following named members be chosen to act as a building committee: Onslow Gilmore, Walter S. Keene, David T. Strange, James W. MacDonald, Bernard H. Cogan, Charles H. Arnold and C. Fred Buck.

Bids for heating and ventilating were received from the following parties: Fuller & Warren Co., Smith & Anthony Co. and Magee Furnace Co.

All the above concerns being considered responsible, by a unanimous vote the contract was to be awarded to the lowest bidder.

Upon opening the bids the figures of Smith & Anthony Co. were found to be the lowest and the contract was awarded them, upon their bid of \$3,297.00.

Bids for the construction of the new building, with the exception of heating, plumbing and excavating the cellar, were received from the following concerns: Stanwood G. Sweetser, W. E. Clark & Co., John L. Gooch, F. C. Alexander, Lord Bros., G. M. Pratt, Mack & Moore, Angus MacDonald, I. F. Tarbox, W. S. Weston, Fessenden & Libby Co., T. P. Kelley, A. W. Berry and H. P. Cummings & Co.

The bids ranged from \$38,773 to \$48,790, the lowest being that of G. M. Pratt, to whom the contract was awarded upon his bid, he having given a satisfactory bond to the committee in the sum of \$10,000.

Following are the parties from whom bids for plumbing were received: F. A. Wendell, Geo. H. Taylor, Williamson & Herrick, F. F. Ryan, T. Costello & Co., A. G. Rockwood, A. B. Yeaton, David Taggart and T. F. Garvey.

The bids varied from \$1,629, to \$2,560 the lowest being that of T. Costello & Co., to whom the contract was awarded.

The alterations in the old high school building were put in the hands of the building committee, and the purchase and placing the new furniture was put in charge of C. Fred Buck, Francis E. Park, Jr., and Alfred P. Rhoades.

Your committee feel that to one member of the Building Committee especially, is due the gratitude of every citizen of Stoneham. We refer to Hon. Onslow Gilmore who so generously donated his services in superintending the work from the laying out of the grounds to the completion of the entire undertaking.

Mr. Gilmore, thoroughly equipped for this work, was determined that only good material and good labor should enter into the construction of our new building, and your committee are satisfied that full value has been received for every dollar expended.

For the Committee,  
WALTER S. KEENE, Chairman.  
ALFRED P. RHOADES, Clerk.

# REPORT

## OF THE

### Engineers of Fire Department.

---

TO THE HONORABLE BOARD OF SELECTMEN,

The Board of Engineers of the Fire Department respectfully submit the following report for the year ending January 31st, 1902:

The department has been called out 33 times during the past year.

February 8. Box 63. Fire in a building on Franklin street owned by the I. O. O. F. Association and occupied as a store and dwelling. Loss on building and contents \$152.00. Insured. Cause, lamp exploded.

March 3. Box 63. Fire in store of W. H. Weed in Dow's Block, Central Square. Damage slight. Caused by an explosion of alcohol.

April 13. Box 46. Fire in a dwelling house on William street owned by Fannie Slayton. Loss on building and contents \$425. Insured. Cause, defective flue.

April 14. Box 23. Brush fire in wood lot north side of Franklin street. No damage. Cause, burning rubbish.

April 27. Box 23. Brush fire on wood land of Wiley heirs off North street. No damage. Cause, unknown.

April 28. Box 23. Brush fire on land of John Steele and others on North street. No damage. Cause unknown.

May 9. Box 29. Brush fire in wood land off Plaza avenue. No damage. Cause, burning rubbish.

June 1. Box 26. Fire in house on Bow street court owned by George L. Tabbut. Loss on building and contents \$1000. Insured. Caused by explosion of lamp.

July 4. Box 45. Fire on a bill board on Main street owned by Donnelly, Bill Poster. Damage slight. Cause unknown.

July 4. The department was called by a still alarm to a coal shed on Gould street. Damage slight. Cause incendiary.

July 4. Box 65. Fire in a storehouse on Spencer street, owned by C. A. Fitzgerald. Loss covered by insurance. Cause unknown.

July 4. Box 62. Fire in a storehouse on Gould street owned by Mrs. Hanscom. Damage slight. Cause unknown.

July 14. Box 62. Fire in a factory on Pine street owned by Wm. Tidd & Co. Damage slight. Cause, incendiary.

Sept. 14. The department was called out by box 62 to try and find an insane person who had wandered away from home.

Sept. 15. Box 62. Fire in a dwelling house on Montvale avenue owned by John Ramsdell. Loss covered by insurance. Cause, incendiary.

Sept. 17. The department was called by a still alarm to a brush fire on north side of Franklin street. No loss.

Oct. 6. Box 38. Fire in a shed on Summer street owned by Margaret Lilley. Damage, slight. Cause, unknown.

Oct. 20. Box 46. Brush fire on William street on land of Mary E. Arnold. No damage. Cause, unknown.

Oct. 26. Box 23. Brush fire on land of Horace Green and others off Green street. No damage. Cause, unknown.

Oct. 27. Box 62. Brush fire on land of Fuller heirs off Spring street. No damage. Cause, unknown.

Oct. 27. Box 28. Fire in a house on Spring street owned by Geo. T. Jones. Damage, slight, covered by insurance. Cause, defective flue.

Oct. 28. Box 45. Fire in a house on Elm street owned by Samuel Metevar. Loss covered by insurance. Cause, children playing with matches.

Oct. 31. The department was called by a still alarm to a brush fire in Columbus Park. No damage. Cause, burning rubbish.

Nov. 3. Box 23. Brush fire on land of Sumner Richardson on Lindenwood Road. No damage. Cause, unknown.

Nov. 10. Box 64. Brush fire on land of L. D. Hawkins, Cedar avenue. No damage. Cause, spark from locomotive.

Nov. 30. Box 62. Fire in Dr. W. S. Brown's house on Central street. Damage, slight, covered by insurance. Cause, defective flue.

Dec. 15. Box 35. Fire in a house off Marble street owned by heirs of Lyman Dike. Damage, slight, insured. Cause, incendiary.

Dec. 17. The department was called by a still alarm to a fire on Spencer street, rear of Jenkins' factory. No damage. Cause, burning rubbish.

Dec. 27. Box 26. Fire in a stable on Spring street owned by Jesse Green. Loss \$450, insured. Cause, unknown.

Jan. 4. Box 27. Fire in a house on Summer street

owned by Harry Gove. Loss \$100, insured. Cause, boiling tar on kitchen stove.

Jan. 8. Box 53. Fire in a house on Tremont street owned by Mary Costello. Estimated damage \$390, insured. Cause, incendiary.

Jan. 29. Box 63. Fire in a house on Minot street owned by Joseph Ham. Damage, unknown. Cause, oil falling on a hot stove.

Jan. 30. Box 63. Fire in a house on Minot street owned by Joseph Ham. Damage, unknown. Cause, incendiary.

During the year property to the value of \$79,505.00 has been endangered by fire. On it there has been a gross loss of \$5,415.26. Insurance has been recovered to the amount of \$5,240.26, leaving a net loss of \$175.00.

There has been used at fires during the year 19,150 feet of hose and 704 feet of ladders.

Repairs have been made in the several rooms occupied by the department and new outside doors put on the Hose and Ladder rooms.

The alarm system has been cut into two circuits and repairs made and is now in good condition.

About December 1st, the boiler used for heating Engine House No. 1, which has been in use some 20 years, gave out, and was found to be beyond repair, and the board of Engineers, with the consent of the Selectmen, purchased a new one at an expense of about \$100.

The department has about 2500 feet of hose in good condition and about 2500 feet in fair condition. During the year about 1700 feet of hose was sent away for repairs about one half of which was condemned as unfit for repairs, and that which was repaired is old hose and may give out at any time. Therefore, we would advise the purchase of

1000 feet of new hose and recommend an appropriation for the same.

Since the fire alarm has been in service the expense of blowing the gong has been \$50 per year, until April 1st, 1901, when the board of Engineers were notified that hereafter the price would be \$200 per year, an advance of \$150 over any previous year. The larger part of this amount remains unpaid owing to the limited appropriation. The board of Engineers, with the assistance of the Selectmen, have made temporary arrangements for furnishing steam for the gong, until March 1st, but whether at a less expense or not, we cannot say.

We wish to thank the members of your honorable board for the assistance and encouragement given us in the discharge of our duty during the year.

To the officers and members of the several companies we extend our sincere thanks for their willing and efficient manner in which they have performed their duty.

We also wish to thank the Police Department for aid rendered by them at fires, and to the citizens of the town for the generous support given by them during the year.

Respectfully submitted,

GEORGE E STURTEVANT, Chief.

LOUIS F. BRUCE,

ALBERT J. SMITH, Clerk.

## Town Treasurer's Report.

I would recommend the following appropriations for the ensuing year, viz:

Payment of Interest on Notes.....	\$2,000.00
Payment of Interest on School and Sewer Bonds.....	5,800.00
Interest on Water Debt to be paid from the income of Water Department.	

Payment of Town Debt Notes.....	8,000.00
Payment of Town Debt School Bonds.....	3,000.00
Payment of Town Debt Water Bonds.....	5,000.00

Chapter 473, Acts 1897, provides that the sum necessary to retire these water bonds must be raised by taxation; but, if the income of the water department is sufficient, this amount should be refunded by this department to the town.

Sewer bonds maturing June 1st, 1902, to be paid from sewer assessment.

Respectfully submitted,  
F. E. NICKERSON, Treas.

STONEHAM, February 25, 1902.

We, the undersigned have examined the accounts of F. E. Nickerson, Treasurer of the Town of Stoneham, and find that he has received and paid the following amounts, viz:

Received on Sewer Accounts.....	\$14,435.55
Paid on Sewer Accounts.....	7,109.94

Balance on hand.....	\$7,325.61
----------------------	------------

# TOWN WARRANT.

---

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, SS.

To John C. C. Small, or either of the Constables of the Town of Stoneham, in the County of Middlesex, GREETING:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Stoneham, qualified to vote in elections and town affairs, to meet at the Armory Hall, in said Stoneham, on

**MONDAY, MARCH THIRD,**

A. D. 1902, at six o'clock in the forenoon, to act on the following articles of this warrant:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Town Clerk, Town Treasurer, three Selectmen, three Assessors, three Overseers of the Poor, three Constables, two Auditors, Tax Collector and Tree Warden, all for one year; also one Park Commissioner, one Sewer Commissioner, one Water Commissioner, one School Committee, one member of the Board of Health and two Trustees of the Public Library, all for three years; also one Trustee of Lindenwood Cemetery for five years; also to vote "Yes" or "No" in answer to the question, "Shall licenses be granted for the sale of intoxicating liquors in this town?" all on one ballot, in accordance with votes of the town and Acts of the Legislature of Massachusetts.

Article 3. To choose all other necessary Town Officers for the year ensuing.

Article 4. To hear the reports of Town Officers and Committees and to act thereon, and to choose committees.

Article 5. To raise such sums of money as may be necessary to defray town charges for the year ensuing, and make appropriations for the same.

Article 6. To see if the town will raise and appropriate the sum of three hundred and twenty-five dollars for repairs and decoration of soldiers' graves.

Article 7. To see if the town will raise and appropriate the sum of seventy-three and 54-100 dollars to re-emburse J. P. Gould Post 75, G. A. R., for bills paid the past year for Memorial Day services and for repairs to the soldiers' lot.

Article 8. To see in what manner the town will appropriate the money received for licenses of dogs.

Article 9. To see if the town will authorize its Treasurer to hire money for the use of the town, under the direction of the Selectmen.

Article 10. To see if the town will authorize its Collector to use all means of collecting taxes, which the Town Treasurer may use when appointed Collector

Article 11. To see if the town will vote to accept the list of Jurors as revised by the Selectmen.

Article 12. To see if the town will vote to grant the free use of Armory Hall to Post 75, G. A. R., six evenings in the coming year when not otherwise engaged.

Article 13. To see if the town will raise and appropriate the sum of three hundred dollars, as authorized by the Act of the Legislature of 1902, for the purpose of entertaining the Old Sixth Massachusetts Regiment April 19, 1902, said day being the forty-first anniversary of the passage of that regiment through Baltimore.

Article 14. To see if the town will vote to water the streets, or any of them, and make an appropriation for the same.

Article 15. To see if the town will vote to fix the time for allowing discounts on taxes, and also fix the time when uncollected taxes shall go on interest, fix the rate of discount to be allowed and the rate of interest to be charged, and take such other action as may be necessary in relation thereto.

Article 16. To see if the town will vote to have a detailed statement of all insurance paid for by the town each year, commencing with 1901, appear in the next and subsequent annual reports of receipts and expenditures and officers, showing the specific amounts of insurance on each particular piece of property (real and personal) and all liability insur-

ance, with the names of Companies, number of policies, their terms, dates and expirations, rates and premiums, and names of agents or brokers placing them, or do anything in relation to the Town's Insurance.

Article 17. To see if the town will raise and appropriate a sum of money for the suppression of the brown tail moth, or do anything in relation to the same.

Article 18. To see what action the town will take in reference to House bill 902, accompanying the petition of James H. Murphy, a bill providing for a Board of Public Works for the town of Stoneham.

Article 19. To see if the town will vote to macadamize Main street from Winter street south to Marble street, and make an appropriation for the same.

Article 20. To see if the town will raise and appropriate a sum of money for the care of the town clock, or do anything in relation thereto.

Article 21. To see if the town will vote to raise and appropriate the sum of three hundred and fifty (350) dollars to be expended under Chap. 50, Section 22, of the Public Statutes, for concrete sidewalks on the northerly side of Franklin street from Melrose line to Isabella street, and on the westerly side of Isabella street from Franklin street to Ferdinand street; or do anything in relation thereto.

Article 22. To see if the town will vote to build a concrete sidewalk on the easterly side of Green street, (said walk to be fifty-six and two thirds rods long and five feet wide,) beginning at Spring street and running northerly to the north bound of land of S. O. Carter, under the provisions of Chapter 50, Section 22, of the Public Statutes, and make an appropriation for the same.

Article 23. To see if the town will vote to build a gravel sidewalk on the easterly side of Washington street, between Avon and Myrtle streets, and make an appropriation for the same.

Article 24. To see if the town will vote to construct a gravel and crushed stone sidewalk on the northerly side of Hancock street, from the present termination of the sidewalk at land of Willard Massey, westerly to Park street, and make an appropriation for the same, or to see what action the town will take in the matter.

Article 25. To see if the town will vote to accept the street leading from Maple street, southerly to Grand View Avenue (so called,) as laid out by the Selectmen, and make an appropriation for the same.

Article 26. To see if the town will vote to build a concrete sidewalk on the north side of Hancock street, from Pond to Summer streets, under the provisions of Chapter 50, Section 22, of the Public Statutes; also to repair the concrete sidewalk on the east side of Pond street, from Hancock to Franklin streets, and make an appropriation for the same.

Article 27. To see if the town will vote to place an electric light

on Franklin street near the residence of James Fox, and make an appropriation for the same.

Article 28. To see if the town will vote to locate an electric light at the corner of Hancock and Pine streets, and make an appropriation for the same.

Article 29. To see if the town will vote to locate an electric light on Summerhill street near the residence of Patrick J. Reagan, Jr., and make an appropriation for the same.

Article 30. To see if the town will vote to locate an electric light on Pleasant street in the vicinity of the stable of Charles M. Boyce and Son, and make an appropriation for the same.

Article 31. To see if the town will vote to locate three electric lights on Stevens street, and make an appropriation for the same.

Article 32. To see if the town will vote to extend the water main in Main street, from the present terminus at or near the residence of William A. Manzer, southerly to a point near the residence of William Breagy, and make an appropriation for the same.

Article 33. To see if the town will vote to lay a water main in and through Pond street, from the corner of Summer street south three hundred and fifty (350) feet, and make an appropriation for the same.

Article 34. To see if the town will vote to lay a water main in and through Eustis and Bow streets, from Spring street to Green street, and make an appropriation for the same.

Article 35. To see if the town will vote to enlarge the culvert crossing Maple street westerly of the railroad tracks, and make an appropriation for the same.

Article 36. To see if the town will vote to extend the culvert over land of John H. Finn, a distance of twenty-five feet, or do anything in relation to the same.

Article 37. To see if the town will vote to build a catch basin on the easterly side of Green street at a point opposite Myrtle street, and make an appropriation for the same, or do anything in relation to the same.

Article 38. To see if the town will vote to construct two (2) catch basins on Lincoln street near the residence of L. C. Prescott, and take the water from said basins to catch basins on Marble street, and make an appropriation for the same.

Article 39. To see if the town will vote to relay the gutter on Cedar avenue, near the land of Harry A. Hill, Lorenzo D. Hawkins and others, in a manner to properly carry off the water, and make an appropriation for the same.

Article 40. To see if the town will vote to purchase a road roller for the use of the town, make an appropriation for the same, or do anything in relation thereto.

Article 41. To see if the town will vote to appropriate the money received as premiums from the sale of water bonds, now in the hands of the Treasurer, together with the amount paid into the town Treasury by the water board as receipts on account of construction, and in addition the amount received during the coming year as receipts from construction, the same to be used by the water board for construction.

Article 42. To see if the town will vote to locate fourteen hydrants to be used for fire protection, in the following locations, to wit: One on Collincote street, near house of Joseph Measures; One at the junction of High street and Broadway; One on Waverly street near its junction with High street; One on Main street near the residence of Geo. L. Childs; One on West Hancock street near Park street; One on Central street near the North schoolhouse; One on Isabella street; One on Franklin street near Plaza avenue; One on Franklin street near the residence of Edward Outram; One on Marble street near Park street; One on Flint avenue corner of Rowe street; One on Lincoln street near the residence of A. H. Tredick; One on Main street near the residence of C. B. Carlin, and One on Dean street, and make an appropriation for the same.

Article 43. To see if the town will vote to purchase hose for the fire department, and make an appropriation for the same.

Article 44. To see if the town will vote to lay a water main from the corner of Cottage street, in and through William street, westerly to the residence of Charles H. Arnold, and make an appropriation for the same.

Article 45. To see if the town will locate an electric light on Wright street, between Maple and Hancock streets, and make an appropriation for the same.

Article 46. To see if the town will authorize the Overseers of the Poor to have laid a new service water pipe from the main on Elm street to the farm buildings, and make necessary repairs to the water pipe system in the buildings, and make an appropriation for the same.

Article 47. To see if the town will authorize the Overseers of the Poor to have new floors laid in the Almshouse where necessary, and make an appropriation for the same.

Article 48. To see if the town will vote to erect a drinking fountain on Central Square, and make an appropriation for the same.

Article 49. To see what action the town will take in relation to the claim for damages, of Margaret Goodwin, or make an appropriation in settlement of the same.

Article 50. To see what action the town will take in relation to the claims for damages, of Anthony A. Rhuland and Metcalf Adams.

Article 51. To see if the town will raise and appropriate the sum of

nine hundred and fifty dollars for the incidental expenses of the Public Library for the year ensuing.

Article 52. To see if the town will raise and appropriate the sum of one hundred and fifty dollars for the expenses of the Public Library Reading room for the year ensuing.

Article 53. To see if the town will raise and appropriate the sum of three hundred dollars for the purchase of new books for the Public Library for the year ensuing.

Article 54. To see if the town will vote to construct a concrete or brick sidewalk on the easterly side of Main street, from Winter street to Union street, and set edge stones where the same are missing, or to see what action the town will take in the matter.

Article 55. To see if the town will vote to concrete the sidewalks and crossings from the old High School building to, along and crossing Common street, on Pine street to and crossing Pleasant, along Pleasant street to and crossing William street, along William street to the High School gate, a distance of 935 feet, and make an appropriation for the same.

And you are directed to have one hundred copies of this Warrant printed, and to serve the same by posting up twenty-five attested copies as follows, viz: One at each of the Meeting-houses and School-houses in said town, and the residue of the twenty-five copies in conspicuous places in different sections of said town, seven days at least before the time for holding said meeting. The remaining seventy-five copies you are required to have at the place and time of meeting as aforesaid, for distribution.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this Nineteenth day of February, in the year of our Lord One Thousand Nine Hundred and Two.

WALTER S. KEENE,	} Selectmen of Stoneham
